Dear Watermaster and Water Users:

Per a telephone request of Mr. Bill Stauffer of Blaine County Canal Company, I'm sending you this letter to clarify the remark regarding delivery of Dry Creek water, which reads:

"THE AMOUNT OF WATER REDIVERTED FROM THE LITTLE LOST RIVER SHALL BE REDUCED WHEN NECESSARY TO PREVENT INJURY TO APPROPRIATORS OF WATER FROM THE LITTLE LOST RIVER DOWNSTREAM FROM THE POINT OF DIVERSION PURSUANT TO SECTION 42-105, IDAHO CODE."

In notices of error and in the petition, many of the Dry Creek water users disagreed with this remark. I apologize that it was not changed, due to my error. Dave Tuthill had intended that I modify the remark to clearly indicate the reductions should be based upon transmission losses. It should have read something like:

"THE AMOUNT OF WATER REDIVERTED FROM THE LITTLE LOST RIVER SHALL BE REDUCED WHEN NECESSARY TO PREVENT INJURY DUE TO LOSS BY EVAPORATION AND SEEPAGE, PURSUANT TO SECTION 42-105, IDAHO CODE."

Now that the recommendations have gone to the court, however, I can't change the wording. Though the current remark is perhaps a little unclear, in my opinion it doesn't really injure the Dry Creek water users. The whole intent of this remark is to allow the watermaster to assess transmission losses to "developed" waters. It appears not only on the Dry Creek rights but also on the Bell Mountain rights and all exchange wells subject to transmission losses. While it is unfortunate that the remark doesn't explicitly state

"transmission losses," it clearly points to section 42-105 of Idaho Code. That section reads:

"The water that a person is entitled to divert... may be turned into the channel of a natural waterway and mingled with its water, and then reclaimed, but in reclaiming the water so mingled, the amount of water to which prior appropriators may be entitled shall not be diminished, and due allowance shall be made for loss by evaporation and seepage. The use of natural waterways... shall be subject to the regulation of the watermaster within an established water district."

Please review this carefully. If you still believe this remark injures you, you may file an objection with the court. Filing the objection will give you the opportunity to present your concerns with the judge, and the judge may direct IDWR to change the remark accordingly.

Typically the judge will ask IDWR's input, and I think the department's response would be agreeable to changing the wording. The department would still want some type of remark, to preserve historical practice and the intent of the 1966 agreement between Dry Creek users and users of the Little Lost River.

Please call me at 525-7161 or 663-4853 if you have questions or concerns about this issue.

Sincerely,

Bryce A. Contor

RE: Snake River Basin Adjudication
Water Right #33-00004(33-02000)/#33-00005(33-02134)
#33-00068/#33-00075/#33-00077/#33-00098

Dear Mr. Contor:

In response to your letter of April 10th, 1989, I have researched the above-referenced water rights. All of the water rights were Decreed in Blaine County Investment Co. vs. Robert G. Mayes, et al on March 4th, 1927.

In your letter you requested information concerning Permit Nos. 1119 and 3399. These permits were licensed as 33-02000 and 33-02134 respectively, and then decreed as 33-00004 and 33-00005 respectively. A decree normally supersede previous rights therefore, these Water Rights should probably be claimed as decreed rights #33-00004 and #33-00005.

The most current information available concerning the lands appurtenant to your Water Rights are the original Engineer's Report for 33-00004 and 33-00005, transfer 670 for 33-00098 and transfer 656 for 33-00068, 33-00075 and 33-00077. I have attached copies of these documents to the corresponding Water Rights.

In your letter you indicate that there has been unrecorded de facto transfers of water by the Canal Co., and you also express your concern about the proper method for filing these portions of your water rights. For transfers prior to May 26, 1969 no application was required therefore; the "Grandfather Clause" concerns transfers after that date and involves the

presumption that no expansion of the Water Right as Decreed has occurred (ie. no increase in the amount of water diverted). The result is that you may file your Water Right claiming the distribution and number of irrigated acres as of Nov. 19, 1987. Thus the filing of the Notice of Claim with the Snake River Basin Adjudication will in effect represent an application for transfer as well.

I hope the information and documentation enclosed will aide you in the preparation for your filing with the adjudication. I would also recommend you use our Eastern Regional Office at 150 Shoup in Idaho Falls for future assistance, as they are more accessible and familiar with the area your water rights cover.

If this office can be of any further help, please do not hesitate to contact us.

Dear Ladies and Gentlemen:

In preparation for the upcoming adjudication we are trying to find out exactly how our water rights are listed. Could you please send us a printout on the legal description of the lands to be irrigated under the following permits or lisences?

WR-number 33-0098 priority 15 Apr 1891

Last summer in an information meeting in Idaho Falls I was told about a "grandfather clause" which covered cases of flood irrigation converted to sprinklers, changing acres somewhat. Over the years shares of Blaine County Canal Company have been bought, sold, traded, and moved from one parcel of land to another. Does the "grandfather clause" cover this kind of activity? How should we file on these transfered shares?

Thank you,

This matter having been referred to Honorable L. E. Glennon by an order of this court, made and entered on the 4th day of May, 1923, to take the testimony herein and to try all of the issues in said action, both of fact and law, and to report findings and judgment thereon, as required by law, and the said Referee having heard and considered said cause and having submitted a full and complete report thereon setting forth his findings of fact and conclusions of law, and the court having duly considered said report and the objections filed thereto, and having heard the arguments of counsel for the respective parties in support of their objections to said report, and given due consideration thereto, and the court having heretofore made an order approving and adopting the report of the Referee, and the court having heretofore made and filed findings of fact and conclusions of law,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED:

I.

That all of the lands hereinafter described are arid in character and require artificial irrigation in order to produce profitable crops thereon.

II.

That the duty of water upon the several tracts of land herein described corresponds to the quantity of water awarded thereto, respectively, and the quantity of water herein awarded,

Transferred Water Right No. 670

THIS IS TO CERTIFY THAT THE BLAINE COUNTY CANAL COMPANY, duly qualified as an Idaho corporation, is the owner of a certain water right, described as being 257.7 miner's inches, or 5.15 cubic feet per second of the waters of Dry Creek, a tributary of Little Lost River, with priority date of April 15, 1891, said water being decreed to Perry Basinger, by Judge Ralph W. Adair, of the District Court of the Sixth Judicial District of the State of Idaho, in and for the County of Butte, in the case of

BLAINE COUNTY INVESTMENT COMPANY, A CORPORATION,

Plaintiff,

Vs.

ROBERT G. MAYS, ET AL,

Defendants,

said decree being dated March 4, 1927, and being appurtenant to the following described lands, situate, lying and being in the County of Butte, State of Idaho (Water District No. 9), to-wit:

SW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 19;
