Comments:

1. erushing 12/19/2011 Ownership change
Comment: Ownership change submitted by Rebecca Jane Gordon split this right into 97-7509 (Gordon) and the balance remaining as 97-2016 and in the name of John Amblie.

Note:
Application, permit and license reflect domestic use, but I could not locate any notation of actual use and where it might have been or what diversion rate would be. Therefore, I divided the irrigation portion of the water right proportionately, and listed the domestic use on each water right with no diversion rate. The database required the season of use to be populated. I used the standard irrigation season for basin 97 just to get the database to accept the change in diversion rate.
