13 **Narrative:** The Department received these applications on Sept. 17, 2018. The applicant wishes to place a total of 31 acres in the Bank. All of these rights are on the same POU. The ground water rights were decreed in 2001. A letter from the WM in 2014 confirmed that the applicant attempted to water but it was not accomplised. The surface water rights were decreed in 2009. The 31 acre portion has been in the Bank since 2014. Aerial photography suggests no irrigation has taken place on these acres. Forfeiture is not an issue. These rights are currently within WD 34.
