RE: Ownership change

Dear Ms. Gordon:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership and the Assignment of Permit. I will address each document separately.

As to the assignment for Permit 97-7442, the permit has been divided as indicated on the assignment. I have enclosed copies of the water permit reports for each part. Mr. Hoffman's portion remains numbered 97-7442, and your portion is numbered 97-7501. I did give the point of diversion (POD) noted on the assignment to you and removed it from Mr. Hoffman's permit. If this was not the intention of Mr. Hoffman, a letter from him, which clarifies the intent, will correct the files.

As to the ownership change for water right 97-2016, since the water right holder does not match the grantor on the quitclaim deed, I will need the chain of title back to a warranty deed which covers your portion or chain of title back to the water right holder of record (John Amblie). I will also need the entire quitclaim deed (signature page). Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
