Subject: Rescheduling Water District 13R Annual Meeting
Date: Tuesday, October 6, 2026 1:20:00 PM
Attachments: image001.png

Dear Lynn and Brian,

It has recently come to the attention of the Idaho Department of Water Resources (Department) that at last year's annual meeting of Water District 13R (WD13R), water users decided to hold the district's next annual meeting on November 6, 2026. This information was obtained from the district's annual meeting minutes. I am writing to request that WD13R reconsider the proposed meeting date to ensure the annual meeting is scheduled in accordance with Idaho Code § 42-605.

Idaho Code § 42-605(1) provides that the annual meeting of a water district shall be held on the first Monday in March, except as otherwise provided in the statute. Under Idaho Code § 42-605(2), water users may, by resolution adopted at an annual meeting, change the date for annual meetings in subsequent years to a weekday between the second Monday in January and the fourth Tuesday in May. Accordingly, the statutory provision for changing the annual meeting date does not extend to a date in November.

Based on these statutory requirements, the proposed November annual meeting date is not consistent with Idaho Code § 42-605. The Department requests that WD13R identify an alternative date, time, and location for the annual meeting that complies with the statute. The Department plans to inform water users in WD13R of this matter **before November 6, 2026**. Including a revised date for the 2027 annual meeting would be helpful. Your timely response to this matter is appreciated.

Once you or the district has identified an alternative date, please reach out to Christina Henman (copied on this email or phone 208-497-3793) at our Department's Eastern Regional Office at your earliest convenience to provide that information so the appropriate meeting notice can be sent. If you have any questions about this matter, please feel free to reach out to Christina or me.

Thank you,

Steven Visosky
