Hi Jared,
Attached (and pasted below) is the aerial map of our family property (Originally Hank & Arlene Clauson and now Hanksville, LLC) that you sent with the general irrigation locations circled in red (with "I") that shows were we have been irrigating the property since the permit was issued. Let me know if you need clarification or additional information.

Thank You,

Subject: Water Right 97-7280

Hello,
I am working on the recommendation for your claim to a water right #97-7280 and was wondering if you could clarify something for me. We have to create a "shape" for this irrigation use in our GIS system and I am unable to determine where the irrigation is occurring. I have attached a blank map of your property and was wondering if you could mark a shape around where this irrigation is occurring? If you have any questions, my direct number is 208-287-4871. Thanks!
