Hi Jennifer,

I'm working with some microfilm data and had an exception statement for this BOR record stating the claim was not in AJ, which is true. I took a look at the microfiche and sure enough we have a claim in the same form we have for A01-04060, another BOR claim. (The signature and notary block are not present.) Would you pull A01-02060 off the shelf and do the data entry at your convenience to add this claim to AJ? You can use the receipt and claim received date like A01-04060 has. Thanks for your help.
