RE: NOTICE OF CHANGE OF ADDRESS

Dear Sir or Madam:

Per your request, I have changed the address on the adjudication numbers listed on the following page.

Water right numbers A29-02262, A29-02306, A29-02307, A29-02310, A29-02341, A29-02567, A29-02568 and A29-02571 do not have Bureau of Reclamation as the current owner. The current owner in our database is Falls Irrigation District. Therefore, these rights have not been changed.

All other water right numbers not listed above or on the following page will be processed by our other regions and mailed to you at a later date.

If you have any questions feel free to contact this office at 208-525-7161.

Respectfully submitted,

RE: Hagenbarth Dry Creek-Sheridan Creek
Water Delivery System

I am representing the claimants in the filing of their water rights in the Snake River Basin Water System. The claimants are Margaret Hagenbarth, David J. Hagenbarth and James F. Hagenbarth.

The claimants' predecessor, Father-in-law and Grandfather respectively, F. J. Hagenbarth, diverted waters of Sheridan Creek and Dry Creek on September 24, 1912. Part of this water was licensed for use on lands now owned by the claimants. As testimony to the above facts, see Warranty Deed filed on July 17, 1944 in Book 12 of Deeds at page 319 in the Clark County Clerk and Recorder's office and also water license # 8990/21-2054 on file with the Department of Water Resources. The deed clearly proves the claimants' control and ownership of 590 acres which were claimed as place of use by F. J. Hagenbarth in License # 21-2054. Since the claimants' predecessor, D.V. Hagenbarth, passed ownership of the above described land to the claimants via an estate, it follows that 590 miner's inches (11.8 c.f.s.) from 21-2054 belong to the claimants. Also note on Sheet #2 of the diagram on the water license that the original points of diversion are identical to those the claimants use at present. Please note on Sheet #2 that the Dry Creek source includes both the east and west forks and note the three canals leaving the point of diversion, one with a southerly course and the other two with easterly courses, but one lying more northerly. Note on sheet #2 the pond which lies in Lot 7(SWSW) of Section 6, T13NR41E. This pond is identical to Morrain Springs which is a tributary to Sheridan Creek and is the Sheridan Creek source diverted by the claimants. The point of diversion used by the claimants for Morrain Springs is identical to Sheet #2 and lies in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6, T13NR41E. There is no question that the sources and PD's identified in this filing are identical to the sources being used by the claimants presently.

In 1943 my Father, D.V. Hagenbarth finished construction of a water delivery system which pooled the waters from many sources in the area and put the waters to an even greater beneficial use. The system is a sub-flood irrigation system with slow gradient ditches capable of handling and distributing either large or small flows of water. Mr. Hagenbarth applied for additional water out of Dry Creek as evidenced by licenses #31-2274 and #31-2275. As the years progressed this system has developed so as to put water from 8 different sources to a beneficial use on lands owned by the claimants. This use is a result of utilizing the waters from 12 different water rights on lands lying both north and south of Sheridan Ridge in T13NR40E. Of these 12 water rights, six are licenses and 6 are claims based on use. The sources are Dry Creek, Woody Headquarters Spring, Headquarters Spring, two unnamed springs, Mud Creek, Kick Creek, and Morrain Springs. Each source contributes to the water delivery system,

MICROFILMED

OCT 20 1992

(continued-Hagenbarth water delivery system)

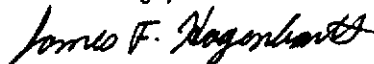

but will have an independent land list depending upon where the source enters the system. The total system includes 1274 acres. 1092 acres will be attached to the Dry Creek sources, an additional 163 acres will be attached to the Kick Creek filing and the remaining 19 acres will be included with Morrain Springs.

Water right #21-2054 will be separated into two rights so that those waters diverted by said right from Dry Creek will be separate from those waters diverted from Morrain Springs. By doing this it will return each right to its respective district so the user can be billed properly and the rights can be regulated correctly according to priority dates. Morrain Spring is in District 21 and Dry Creek is in District 31. 8.00 c.f.s. will be claimed for Dry Creek and 3.8 c.f.s. for Morrain Spring via 21-2054.

All the sources except Morrain Springs have the same characteristics as most creeks in this area in that the spring flow is tremendous and the summer flow is very minimal, consequently the total c.f.s.'s appropriated seem rather large for the place of use in regard to one miner's inch per acre. This maximum use is short lived. In early spring the maximum flow of water claimed has been used on the lands designated, but only for a short period of time. Later on in the summer it is not unusual for only stockwater to be available.

These comments will be included in each of the filings on all the sources of water that are put to beneficial use by the water delivery system constructed by D.V. Hagenbarth. Included with many of the filings are separate comments dealing with each individual source.

Sincerely,

James F. Hagenbarth

MEMO

TO: Don Shaff

DATE: June 28, 1989

FROM: ERIC VERNER, EASTERN

SUBJECT: Changes to receipts E001979 and E004541

I have been working on correcting some receipting/coding problems regarding water right number 01-02068 (Island Park Reservoir storage license). There have been several notices filed on portions of this license creating some confusing record errors. The following describes what I have done to correct these errors and requests some additional follow-up on your end. Let me know if you need any clarification.

TIME TABLE

August 9, 1988

Notice A01-02068 was created for the Bureau of Reclamation. No fees were paid at this time (done @ State Office ?).

August 19, 1988

Eastern office received Notices from The Reid Canal Company. One of these Notices was filed for a portion of 01-02068. The Notice was received on a "paper form" and was not coded at this time. We issued receipt E001979 for this and other notices, listing no. A01-02068 as one of the Notices received.

During the update that night, this receipt no. was added to the Bureau's notice A01-02068 and their Notice went into the Master File.

Sept. 1, 1988

Reid Canal's Notices were coded. The portion of 01-02068 that they claimed was coded under A01-02068B. However, this notice would not update since the receipt did not indicate the "B" portion.

June 28, 1989

Using AR9, I changed receipt no. A01-02068 on receipt E001979 to A01-02068B so that Reid Canal Company's notice would update to the Master file.

Nov. 29, 1988

Keith recieved paper notices from Parks & Lewisville Canal Company, who also is claiming a portion of 01-02068. Keith assigned no. A01-02068B on receipt E001979 to this company's portion of the license. No data entry has been done on this notice as of today.

June 28, 1989

I changed claim no. A01-02068B on receipt E004541 to no. A01-02068C ("C" portion).

MICROFILMED

OCT 20 1992

The portion of this license claimed by Parks
& Lewisville will be data entered under
no. A01-02068C.

FOLLOW-UP REQUIRED

Receipt no. E001979 should be removed from the Bureau's notice
A01-02068 and the notice should be removed from the Host Master
file since it has not been paid for. I'm not too sure what, if
anything, we need to send the respective parties regarding the receipt
changes. For now I will not send them anything unless you advise
us differently.

Subj: ADDITIONAL CLAIM

12-JUL-1993 16:20:23.72

Where a canal co./irr. dist. is now filing a claim(s) for the storage water also claimed by the US BOR, Dave said, and where they made a diligent effort to file their (other) claims and now find one was not filed, no late fee is required. Gee, the sentence is awkward, but I am sure you get the ending.

Any of you on the cc: who have a question about what is brewing on the Eastern horizon, Eric can give you the scoop, or I know a little about it via Eric.
