Tennessee Valley Authority	NONE
Patented Lands	
State Lands	
Bureau of Reclamation	NONE
Power Withdrawals and Classifications	
Federal Agency Protective Withdrawals	NONE
Public Water Reserves	
Department of Energy (DOE)	NONE
Oregon & California Lands (O&C Lands) Administered By US Forest Service	NONE
Radio & Air Facilities	NONE
Miscellaneous	NONE
State, County, City, Wildlife, Park and Outdoor Recreation Areas	NONE
Acquired Lands (By Administering Agency)	NONE

NOTE TO MAP USERS

The surface and minerals management status overprints are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been shown as patented lands due to the lack of information available to BLM with respect to the nature of acquisition. Tracts less than 40 acres are usually omitted because of the map scale. Access through private lands may be restricted. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

Edited and published by the Bureau of Land Management

Base map prepared by the U.S. Geological Survey
Compiled from USGS 1:24 000-scale topographic maps dated 1971–1973. See index for dates of individual maps

Revised information not field checked Map edited 1978

Projection and 10,000-meter grid, zone 11:
Universal Transverse Mercator
50 000-foot grid ticks based on Idaho coordinate system, west zone
1927 North American datum

Areas covered by dashed light-blue pattern are subject to controlled inundation

Surface Management Status by BLM, 1979
