HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

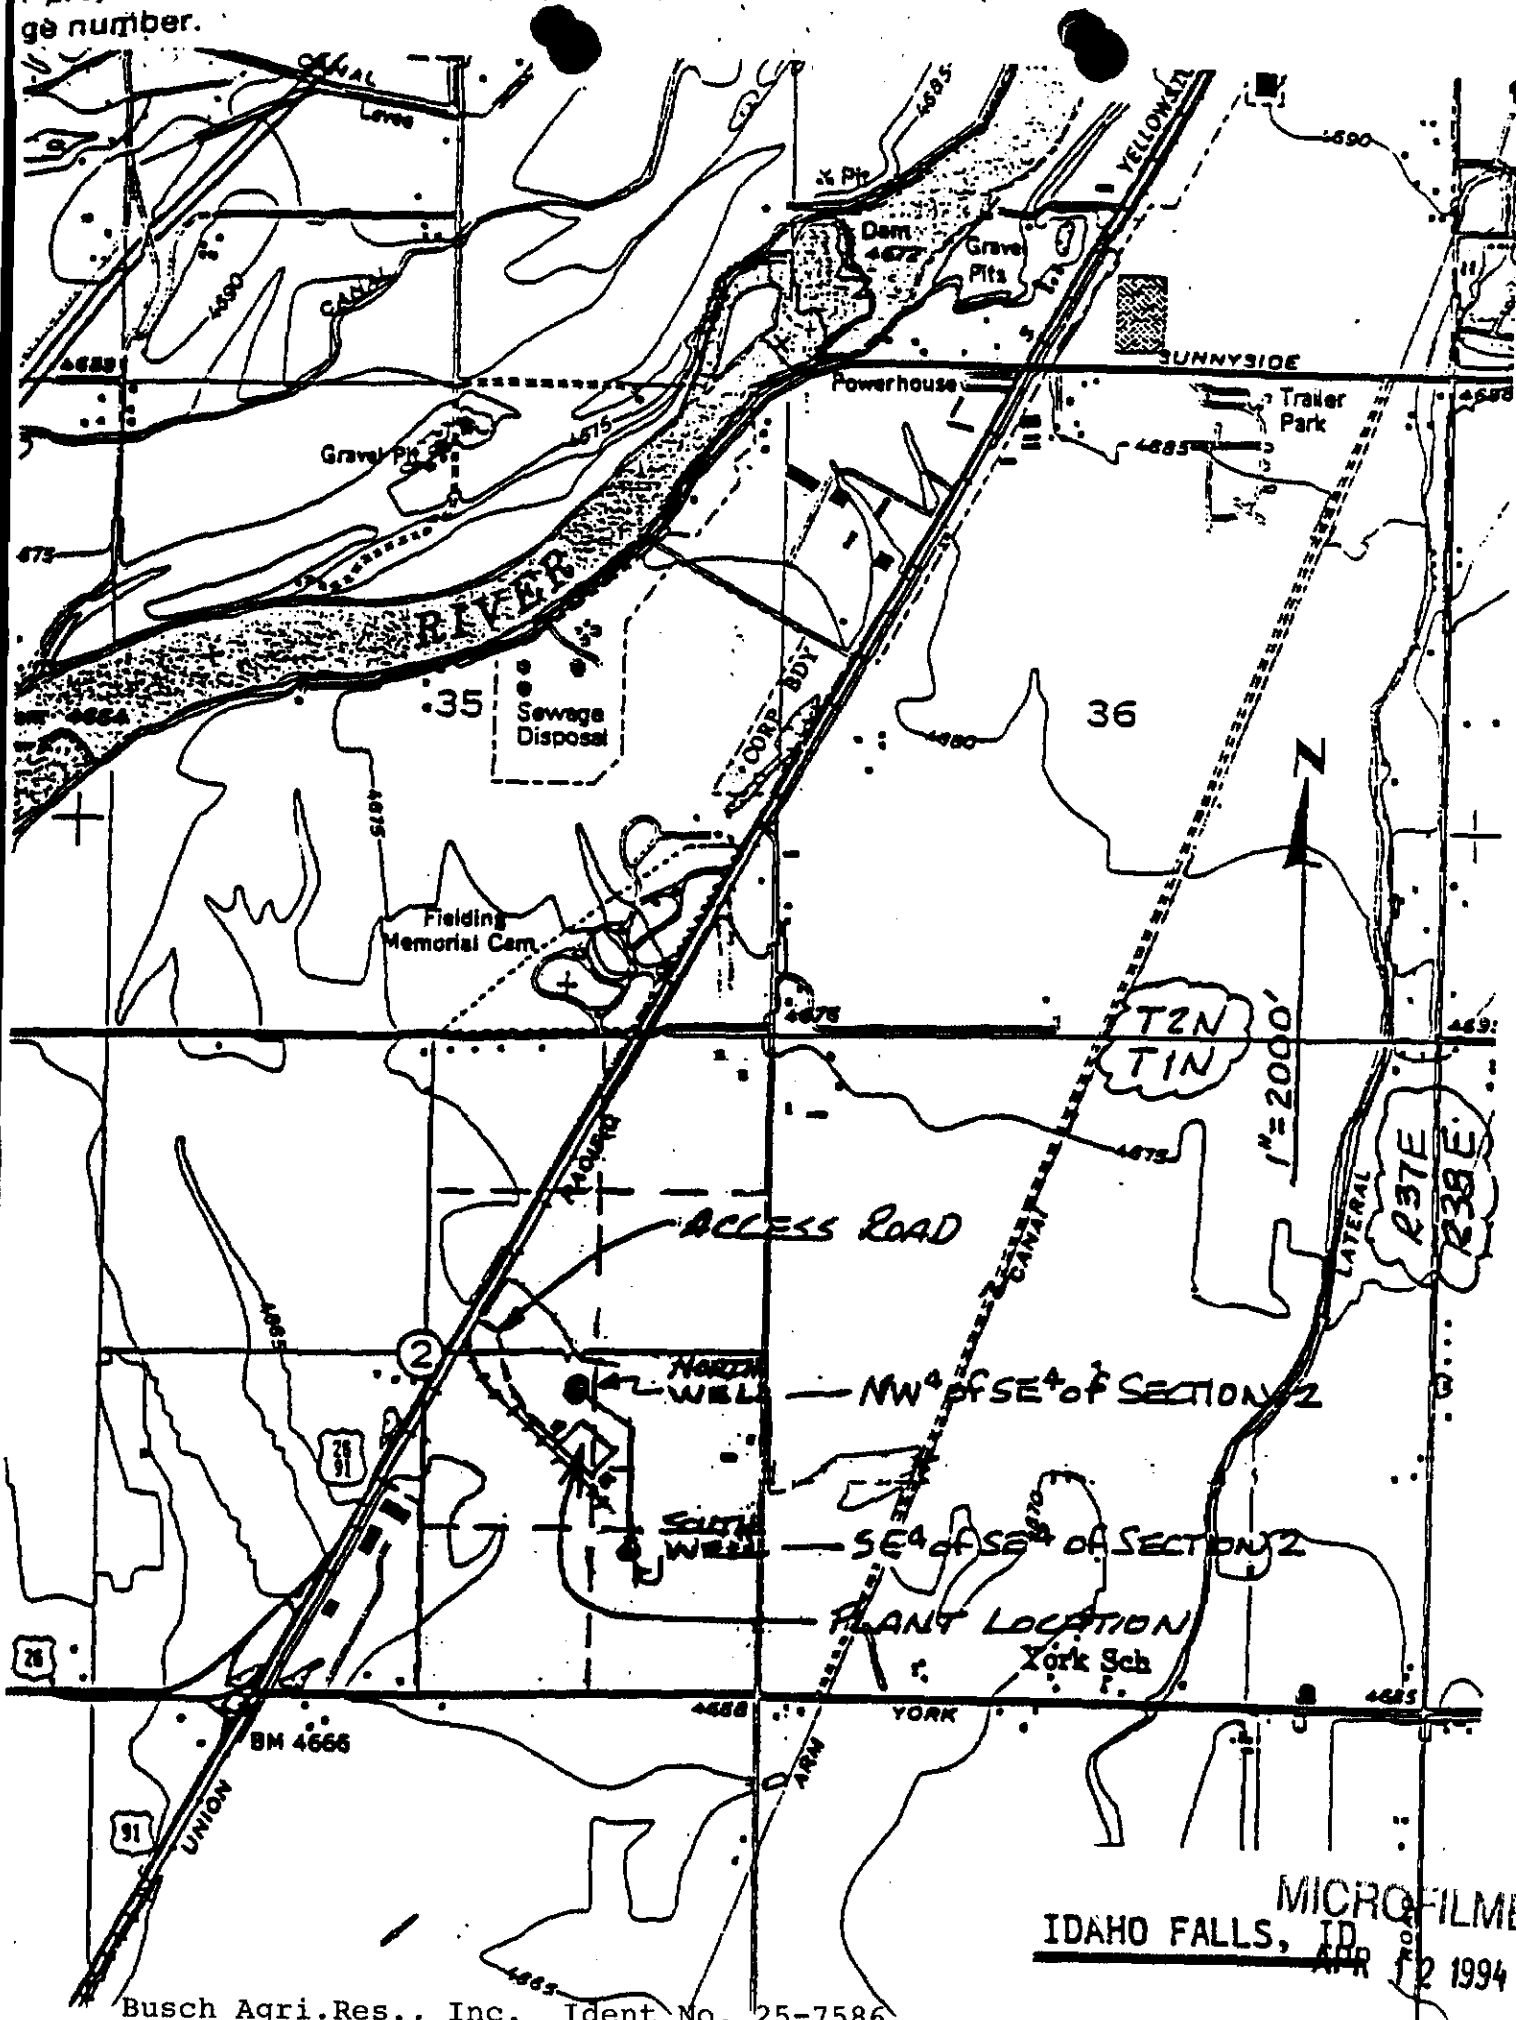

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Re: Busch Agricultural Resources, Inc.'s Notices of Claim to a Water Right
for Permit Nos. 25-07485 and 25-07486
GP&H File: 60-10

Dear Mr. Shaw:

I am enclosing Busch Agricultural Resources, Inc.'s Notices of Claim to the above-referenced water rights for filing in the Snake River Basin Adjudication. Also enclosed is a check for \$1,300.00 to cover the required claim filing fee. These claims are for rights that currently are in the permit stage. A proposed license has been issued by the Department for our review.

Based on my recent telephone conversation with you, I understand that there will be no late-filing fee due for these claims because they are not subject to a mandatory filing requirement.

If you have any questions, please feel free to call.

Sincerely,

Michael C. Creamer

Re: Notice of Claims for Water Right Permit No.s 25-07485 and 25-07486

Dear Mr. Shaff:

This is to confirm the conversation I had with Ms. Danni Smith yesterday afternoon and to officially request the refund of the filing fee presented to the Department last Friday afternoon accompanying the filing for the two permits identified above. At the time of the filing, it was not clear whether the Department would require the filing of a Notice of Claim for these permits even though the permits were issued after the adjudication commencement order. Since the deadline for Bonneville County was upon us, and to ensure that the permits are processed with all other claimed water rights in the adjudication, the Notice of Claims were filed along with the necessary filing fee.

Yesterday, our client, Busch Agricultural Resources, Inc., received verification in a letter from Mr. David B. Shaw that a Notice of Claim filing on these two rights was not required. A copy of that letter dated September 27, 1989 is attached to this letter for your reference. We understand that the Department will still process these water rights in the adjudication without a Notice of Claim unless and until notification is given that such a filing (and any accompanying fee) is necessary. We respectfully request that such notice be given to BOTH this firm and Busch Agricultural Resources, Inc. Please retain the Notice of Claim forms filed on Friday as a Notice of Appearance of Counsel.

However, we hereby request a refund of the filing fee. If the check delivered to the Department from this firm last Friday has already been deposited, please write a check made payable to both this firm and Busch Agricultural Resources, Inc. and send it to us in the enclosed envelope. Thank you for your assistance in this matter. Please do not hesitate to contact us if you have any questions.

Very truly yours,

James D. Hansen

Dear Sirs:

I am writing in regards to the approved Application for Permit Nos. 25-07485 and 25-07486, to appropriate water in Bonneville County, which was sent to you recently.

On November 19, 1987, the Fifth Judicial District Court issued a Commencement Order, which began a general adjudication of water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case which will result in a decree determining all rights to water from the water system. Idaho Code §42-1409 requires all persons owning water rights within the Snake River Basin water system to file a Notice of Claim to a water right with the Idaho Department of Water Resources for each water right, with certain exceptions. Your Permit Nos. 25-07485 and 25-07486 is for the appropriation of water within the Snake River Basin water system, but applications for permits approved after entry of the Commencement Order is one of the exceptions to the requirement to file a Notice of Claim in the adjudication. You therefore may but are not required to file a Notice of Claim for your Permit Nos. 25-07485 and 25-07486 in the adjudication. The validity of the permit will not be affected if you choose not to file a Notice of Claim at this time.

The adjudication statute does authorize the director of IDWR to issue an order at a later date requiring persons with permits who file proof of beneficial use after entry of the Commencement Order to file a Notice of Claim in the adjudication. An order requiring you to file a Notice of Claim has not been issued, and you will be notified by mail if such an order is issued. For further information about the Snake River Basin Adjudication, you may call the Adjudication Hotline toll-free at 1-800-451-4129 (for callers in Idaho) or any of the offices of IDWR.

Sincerely,

David B. Shaw
Adjudications Bureau Chief
