EARNEST CARLSEN

I haven't been able to locate any old timers that have seen the well being used. Although some know of it.

Therefore I will give a personal statement.

I am 43 years old, and have lived next to this well property since 1948. Bought the property in 1966. Moved onto the property in 1967. Replaced pump in 1967. I am confident that the well is older than the 1930 date that I have indicated. The reasons for this is,

1. The original pump was of hard wood rod type.
2. Pressure tank in system was rivited seam steel.
Not weld.
3. Even though well maintained, the well house building was decaying very bad in 1966.
4. The previous owner, Alex Robb, had livestock that he watered in the winter. He retired, at about 70 years old, in 1966.

RE: **Evidence of Priority**

Dear Mr. Arnold:

The Notice of Claim identified with the numbes shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,
