RE: Evidence of Priority

Dear Mr. Steele:

The Notices of Claim identified with the numbers shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notices indicates the water usage are based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notices and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notices have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notices be decreed by the court if no evidence of a priority date is submitted.

Please submit the required evidence supporting the priority dates by June 3, 1991, referencing all documents with the corresponding Notice numbers. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Ernest Carlsen

RE: Snake River Basin Adjudication
Claims #A25-13094/#A25-13095/#A25-13096/#A25-13097
Bingham County

Dear Mr. Steele:

I have finally found the time to straighten out your claims. I used your maps to identify number of total acres irrigated and have completed Item #10 on each of the expansion claims.

Having completed Item #10, I have modified other items accordingly:

Item #6/#7: Amounts
I have adjusted these numbers, calculating the standard .02 cfs per acre.

Item #8: Consumptive Use
Adjusted to correct amount based on number of acres.

Item #4, #A25-13096: Point of Diversion
We inadvertently did not complete this item; I completed it using the information from #A25-4277.

I have included copies of your maps and my map with transferred information for you to use in comparing the information in Item 10 with each claim. Unfortunately, now that I have had the time to review the maps you submitted, I find that we need an additional \$55 to cover the actual acres. It seem that two of the expansion

claims were over payments; one expansion was an under payment. The claim which had previously not been filed for springs, tributary to Willow Creek, in Section #15, was also an over payment:

Claim No.	Acres Paid	Acres Due	Balance
A25-13094	163	160	< 3 >
A25-13095	101	143	42
A25-13096	30	18	< 12 >
A25-13097	70	98	28
	Balance Due		<u>\$ 55</u>

Because of the nature of the changes which have been made from the original handwritten claim which we completed together in Idaho Falls, I need to have you sign and have notarized the enclosed claims and return them to me along with the additional \$55.00.

Please return them to me by October 29, 1989. If you have any questions or disagree with any of the changes I made, please let me know. Please be sure to send them to me at: 1301 North Orchard, Boise, Idaho 83706. My phone number is 327-7900. We will get these claims completed! Thanks for your patience.

Sincerely,

Helen Harrington-Thornton
