Mr. Ernest Carlsen, Adjudication Supervisor
Idaho Department of Water Resources
Eastern Region

Dear Mr. Carlsen:

In our telephone conversation of May 4, 1990, you stated that the license 27-02008 for 1.100 cfs to irrigate and water stock as filed timely in the Snake River Basin Adjudication in your offices on February 14, 1990, in the name of the J.C. Wallentine Family Trust, Lena D. Wallentine Trustee, c/o P.T. Blotter and/or Ezra Stucki was not entered into the database record on the AJ side of the computer. Would you please do so and send me a copy of the claim in the Fifth District Court filing format for our client and our records.

In reviewing the similar forms printed out for me at southern region in order to check the accuracy of the data entry as well as provide our client with copies of his claims, I note that the claimant name(s) in Field No. 1 are incomplete compared to the carbon copies of our claims. I have checked Field 14 under Remarks to see if there would be a continuation of the additional information and find no continuation that fully describes the original as filed claim. Please tell me the status of the Blotter claims with regard to this method of data entry.

Our client has had a change in trustee status for a number of his claims as filed originally. While this will not be a change in ownership to the extent that it will remove the entire claimant name as filed, there will be a change in one of the trustee names for a portion of the claims as originally filed.

RE: Notices for Wallentine Family Trust ..

Dear Mr. Hitchcock:

Enclosed please find Receipt E012076 for \$1,582.00 and a copy of three (3) Notices which need some corrective action. The Notices you prepared for J. C. Wallentine Family Trust, Wallentine Family Ltd., and Beckstead and/or Blotter, on the whole, were complete and in proper form.

For Notices A27-04075 and A27-11358, either the signature of the claimant or the claimant's name needs to be modified. This was one of the items we discussed by telephone on February 16, 1990. A copy of Notice A27-02008 is also enclosed because of a difference in the place of use between the Notice and License. If the place of use is correctly described on the notice, no further action is necessary. If the License is correct, please submit an amended Notice on a long form.

Just as a reminder, we also need confirmation for Notice of Appearance on all of the Notices except the new domestic and stockwater.

Naturally, if you have any questions, feel free to contact this office.

Respectfully submitted,

Ernest Carlsen

RE: Bannock County Identification of Original Licenses

The original paperwork for the following licenses lists Bannock County as the county in which the diversion and usage occurs.

1. 27-02003
-02008
-02015
-02026
-02041

Idaho Code Title 31-105. Bannock county. -- the Compiler's notes. states that:

"Caribou County created therefrom 1919, ch. 5 p. 28. Election was held in November, 1920, to decide whether certain territories should be detached from Bannock County and Caribou County organized therefrom, 1919, ch. 5, § 23-28, pp. 40, 41."

I enclose one of your Department's basin maps with the place of use, township and range highlighted to show that the lands are in Caribou County and within the Department's Basin 27.

Idaho Code Title 31-117. Caribou county. -- the Compiler's notes. states that:

"The remainder of S.L. 1919, ch. 5 is omitted as temporary. Election was held in November, 1920, to decide whether above described territory should be detached from Bannock County and Caribou County organized therefrom, 1919, ch. 5, §§ 24, 28, pp. 40, 41.

It appears that claimant's lands were taken into the formation of Caribou County at this time, although there is no way of documenting the lands without additional expense in terms of time and effort.
