This is to certify, that JOHN WORDIN
ARTICE SWINGLE

735 N. 900 E.
SHELLEY, ID 83274

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated March 22, 1979; and has submitted Proof of Beneficial Use on February 8, 1984. An examination indicates that the works have a diversion capacity of .170 cfs of water from a **GROUNDWATER** source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	04/01 to 11/01	0.17 CFS	31.5 AF

LOCATION OF POINT(S) OF DIVERSION:

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to reflect cropping patterns or acceptable standards of water delivery efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 12TH day of SEPTEMBER, 1989.

RE: Water Right Claim Returned

Dear Claimants:

The Idaho Department of Water Resources (IDWR) is returning your check #7740 (\$25.00) and Notice of Claim to Water a Right because of insufficient information. All items on the claim form must be correctly completed and fees submitted before the IDWR can process the claim.

Please correct the items identified below and return the forms to the IDWR within 30 days of the date of this letter. Failure to return the corrected claim within the 30-day period may result in an assessment of an additional \$50.00 late-fee for each claim.

- I have enclosed a typed Notice of Claim of your water right based on the IDWR field examination for Permit #35-7131, conducted June 20, 1984 (see enclosed copy). The precise acreages and amounts were measured during this examination.
- A separate Notice of Claim (form enclosed) must be completed for your domestic well. The priority date will be the date the house first used water for your domestic purposes.
- The filing fee for the irrigation Notice of Claim is \$50.00, plus \$1.00 per irrigated acre (\$59.00). The filing fee for the domestic Notice of Claim is \$25.00. The total filing fee for the two claims is \$84.00.

Please complete the domestic Notice of Claim, sign both claims in Item #16 (at least one signature must be notarized), and return them to the IDWR within 30 days. If you have any questions, please call Tony Olenichak, Water Rights Agent, at (208)-525-7161.

Sincerely,

Tony Olenichak

MAKING PROOF OF BENEFICIAL USE

DO NOT FILM

HOW TO MAKE PROOF

In order for a permit holder to fulfill the conditions of the permit and obtain a water license, he must submit proof of application of water to beneficial use on or before the date set forth in his permit. Each permit holder will be notified 60 days prior to the date set for such proof. In order for the proof to be valid, it must be received by the Department on or before that date. Proof is made upon a form which is available from the Department. It is very important that you complete this form completely and accurately. The information that you give on the form will enable the Department to make a field examination which is necessary before the license can be issued. The information you enter on the proof form should be an indication of the actual development of your project. This development must also correspond to that described by the permit. If it does not and changes in your project have been made, you should apply to amend your permit to include the actual development. Application for amendment forms are available from the Department on request.

WHAT TO DO IN CASE YOU HAVE NOT COMPLETED THE APPLICATION OF WATER TO BENEFICIAL USE

If you have not been able to complete the application of water to beneficial use within the time allowed, due to reasons beyond your control, you may apply to the Department for an extension of time. However, in order for an application for extension of time to be considered, it must be filed prior to the date on which proof of beneficial use is due. Each application for extension of time is considered on its own merit.

WHAT TO DO IF YOU FAIL TO MAKE PROOF OF BENEFICIAL USE ON TIME

If you have applied the water to beneficial use, but were unable to submit proof of application of water to beneficial use on or before the date set for such proof and your permit has lapsed, you may petition the Department within 60 days from the date that a notice of lapsing was sent to you to reinstate your permit. In order for the Department to reinstate a permit, you must show reasonable cause why such permit should be reinstated. Submission of proof of beneficial use within 60 days will automatically be considered by the Department as cause for reinstatement. The priority of all reinstated permits will be advanced a time equal to the number of days that such showing is subsequent to the date set for proof. After 60 days, there is no way in which the Department can reinstate a permit.

ISSUANCE OF LICENSE

DO NOT FILM

After the Department has completed an examination of your proof and if it appears that you have complied with the terms of the permit, the Department will issue a water license. The license becomes prima facie evidence of a water right. The license will include the maximum rate of diversion, the total annual volume of water which may be diverted, the period of the year during which you may use the water, the nature of use to which you may apply the water, the priority which you have established and any other conditions of the water right.

...the abandonment of their settlement under the peace treaty.

Foreign Minister Moshe Dayan returned from the United States, meanwhile, waving a copy of the treaty and assuring Israelis that they can count on the United States to defend the accord.

The Sinai protesters complained that the

to disband the settlements and withdraw from the Sinai in three years.

At one point they blocked several trucks carrying armored personnel carriers from Sinai. These appeared to be part of the non-essential material gradually being removed in preparation for the first stage of the Israeli pullback.

"It's not fair to ask people of 40 or 45 to start

Israeli settlers, 15,000 Arabs, paraded through the Sinai capital of El Arish, 60 miles from Yamit, to celebrate the treaty that will return their town to Egyptian rule in about months.

At the Tel Aviv airport, Dayan held Israel's copy of the treaty for reporters grinning broadly, asked "how does our look?"

Free spuds

SALT LAKE CITY (AP) — The City Commission approved plans by two Idaho growers to truck 400,000 pounds of potatoes to a Salt Lake ballpark where the spuds will be given to any and all takers.

The growers, Kent Remington of St. Anthony and Del Ray Holm of Roberts, want to dramatize the plight of spud farmers, who they say are plagued by low prices despite a government program to boost the sagging market by paying farmers to feed their potatoes to cattle.

Under influence

MILWAUKEE (AP) — James Malinowski can thank his brandy-soaked chewing tobacco for getting him acquitted of a charge of driving under the influence of alcohol. He can also thank it for getting him into trouble in the first place.

Malinowski, 36, of rural Waukesha, said in court Tuesday that he had been chewing some of the brandy-soaked tobacco when he took a breath test after being stopped by sheriff's deputies last August.

The tobacco, he argued, produced unreliable test results showing him to be inebriated. A courtroom experiment last week in which Malinowski chewed a brandy-soaked chew and then took the breath test supported his argument.

Hopping mad

CHARLOTTE, N.C. (AP) — To those who miss Mildred, the crime could be compared to the Grinch stealing Christmas.

"Someone stole our seven-foot Easter bunny and it ain't funny," read leaflets distributed Tuesday at Eastway Shopping Center.

"Send us some word, even a purple Easter egg, but let us know you're still alive and hopping."

Mildred, made of papier mache and sporting red straw whiskers and lightbulb eyes, was bunnynapped sometime Sunday night or early Monday, said Leo Mortimer, shopping center promotions manager.
