The origin of said water right consists of 400 inches diverted from Meadow Creek (of which Sheep Creek is a tributary), there being two points of diversion therefrom each opposite each other in the Southwest quarter of Section 11, Tp. 5 S., R. 42 E., B.M., these said main canals being three feet wide and three feet deep, one canal being approximately 1200 feet in length and the other approximately 1500 feet in length; said premises are also irrigated from seven (7) small springs which rise on the property and from which numerous and adequate irrigation ditches have been constructed; in which said 7 small springs approximately (but not less than) eighty (80) inches of water are being used for irrigation purposes. Said premises are also irrigated from waters derived from Jarvis and Willow Springs, rising in the NE $\frac{1}{2}$ of Sec. 18, Tp. 5 S., R. 42 E., B. M., through a canal approximately One Mile in length, eighteen inches wide and twelve inches deep, conveying to and upon the lands hereinabove described twenty (20) inches of water.

The waters and water rights hereinbefore set forth have been continuously put to beneficial use on the premises herein described for many years without protest, complaint or interruption and have been so put to continuous, open and notorious beneficial use without complaint, protest, objection or interruption to the personal knowledge of your affiants for more than five (5) years last past immediately preceding the execution of this affidavit; Said waters of Meadow Creek were decreed to said lands in the District Court of the Fifth Judicial District of the State of Idaho in and for Bannock County, Idaho under date of August 1, 1891 as is more fully shown in Book 1 of Judgments, at page 31, Records of Caribou County, Idaho (Transcribed records of Bannock County of which Caribou County was formerly a portion).
