Dear Gentlemen:

*Domestic

Issued*

Each of the above claims filed by either the United States Bureau of Reclamation or Falls Irrigation District relate to the irrigation of lands within Falls Irrigation District. For the purposes of complying with Section 42-1409(1)(h), Idaho Code, I have included a legal description of the area within the irrigation district which the total acres developed are located and within which the location of the licensed acreage can be moved, as provided by Section 42-219(6), Idaho Code. I have also enclosed a map of that area which may be submitted in lieu of the legal description. I assume that it will not be necessary for either Falls Irrigation District or the United States to amend the Claims to show the place of use as provided by the above statutory provisions.

Very truly yours,
