That the reason for desiring to make such change is as follows:

1. To reflect revisions to the preliminary plan which were found to be desirable or necessary on the basis of final surveys and designs.
 2. To delete from the permit acquired wells which now have valid licenses or permits in their own right.
- That no one will be injured by such changes, and that such changes will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 24th day of October, 1960.

The wells are supposed to irrigate that portion of ground under the Michael Flat. Project west and North of the new Inter-State Highway. My understanding is that none of the surface water flows or otherwise is connected with the Well Project.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Falls Irrigation District Claims

Dear Mr. Carlson:

I have enclosed the 4 notice of claims previously filed with the Falls Irrigation District, together with a check in the sum of \$200.00 for payment of the balance of the filing fee. I apologize for any inconvenience due to our shortage of \$200.00 in submitting the fee in the first instance.

Very truly yours,

Roger D. Ling

RE: Falls Irrigation District Adjudication Notices.

Dear Mr. Ling:

Thank you for submitting the notices on behalf of the Falls Irrigation District. We have accepted 16 of the notices, but 4 of them are being returned for additional fees. By our calculations the total fees for the District's notices are:

20 irrigation notices at \$50.00 each = \$1,025.00
Claiming irrigation of 12,621.50 acres = \$12,621.5

TOTAL DUE = \$13,646.50

The Department has received \$13,446.50 under receipt E012943 (enclosed) leaving a \$200.00 balance. Please return the remaining 4 notices, with the balance of the filing fee within 30 days of this letter to avoid any late filing charges.

Please feel free to contact our office if you need to discuss this matter further.

Sincerely,

Ernest Carlsen,
Water Rights Supervisor

Re: Claims for Falls Irrigation District

Dear Gentlemen:

Enclosed please find twenty (20) claims being filed on behalf of Falls Irrigation District of American Falls, Idaho, for irrigation water and one domestic claim. I have also enclosed the check of Falls Irrigation District in the sum of \$13,446.50, representing twenty irrigation claims and one domestic claim for a total of \$1,025.00 and 12,621.5 acres. The attachments to a portion of the claims which show the acres being irrigated from wells and surface water constitute four pages of a spread sheet showing the acres in each forty-acre parcel. The designation "PP" represents water from the Snake River diverted through the pumping plant of the District, as compared to the lands irrigated from "wells". If you have any questions in regard to these claims, please feel free to contact this office.

Very truly yours,

Roger D. Ling
