AFFIDAVIT

To: Idaho Department of Water Resources

From: Robert W. Henderson, P.O. Box 15, Arimo, Idaho 83214, January 11, 1995

Regarding: Adjudication claim AJ5809NP, #A 29-04202

The home place of Henderson Ranches contains in excess of 1100 acres of land in T 10S, R37E, S7 and S18 and adjoining sections in R36E. Most of it is irrigated but some is dry farm land. Another irrigated part of the ranch lies in sections 25 and 26 in T9S, R36E. The irrigated parcels were acquired with water rights in separate parcels over a long period of time beginning in 1913 when my father and uncle purchased the first 360 acres and our family took up residence in the house in which I still live. I was nine years old at that time. The various water sources have been developed into an "extensive and complex system" mentioned in A29-04201. This system also includes water from shares owned in Arimo Ditch Company, an extension of Portneuf Irrigating Company.

Both irrigation and stock watering are indeed carried out on the same described locations which constitute parts of the irrigated portions of the ranch.

The springs and pond area described in the document under consideration lie in parcels purchased from Bill and Zina Hatch in 1945, from Jesse and Bertha Kelley in 1954, and the northern tip of the pond area purchased from Kenneth Capell in the late 1960s. The water from the pond and springs mixes and has been transported through a hill to the west by means of a ditch since before 1924. Zeb Gunter, owner at that time, and my father-in-law Thomas Charles Smith, whom he employed, built the ditch. Before that time for many years, the water was transported by a ditch which had been constructed around the north side of the hill. The water irrigates land west of that hill on both the east and west sides of Marsh Creek where it is carried by three pipes that cross the creek, 298 acres as stated in the original filing.

We filed on only half of this water because a small parcel of land owned at time of filing for adjudication by the Olson family includes part of the pond area. There has never been practical use of the water on that land. A small meadow along the creek is usable only marginally as pasture because it is too wet when we are not using the water.

IN WITNESS WHEREOF, the party of the second part has hereunto set his hand.
