AFFIDAVIT FOR IRRIGATION WATER USE

I, H. B. Hildreth, have lived at my present address (farm) since 1941 when I purchased it, except for 3 years (1943 to 1946) spent in the U. S. Marines during W.W. II.

In 1947 I hired Eddie Say, a well driller, to drill an irrigation well for me at my current location. From the time the well was drilled and a pump installed in 1947, I flood irrigated all my ground. In 1966 I changed to a sprinkler irrigation system.

In 1958 I purchased a small triangular piece of ground (4.73 acres) from the Country Golf Club, that adjoined my property. I broke up the ground the same year and leveled it and flood irrigated it for pasture, grain and hay crops from the same irrigation well.

In 1966 I purchased 5" aluminum main line and lateral lines from Mac Bowler of Power County Implement, American Falls, ID and began sprinkler irrigation of this 4.73 acres. As of this date (1995) I still have in use this sprinkler equipment on this ground.

I have paid Idaho Power Co. each year since 1947 for power for my irrigation well to supply this water.
