To whom it may concern:

I, Elma Godfrey Schultz, am the daughter of William Godfrey who built the Riverside Inn, 255 Portneuf, Lava Hot Springs, Idaho. The hotel was built in 1914-1915. My father utilized natural hot water from a spring and from groundwater on the hotel property. The hot water was used for bathing, for heating the hotel, and for the benefit of hotel guests. I lived in the hotel in 1915, when I was in the second grade. At that time the hot mineral water was piped into the hotel for use in the mineral baths and to heat the hotel. The spring on the edge of the river was utilized by the hotel only. To my knowledge the Terrell property next door to the hotel never shared a spring with the hotel or on hotel property.
