Dear Sir

My family has used the
Bannock Creek for watering
our domestic animals since
1942 when the place was
purchased. We have a
well for the house and
it has been used since 1942
+ before by the present
owners.

The natural irrigation
(Subirrigation) has provide
us with 2 crops of hay.
I don't understand your
reason for writing to me
concerning this. a notarized statement

TO Whom it May Concern:

I the undersigned was raised in Arbon at the Vern and Carolyn Munn's home, being the third daughter. I have seen the tail water from the Mercy Irrigation from Price and William's irrigation and the natural subirrigation from Bannock Creek. We have raised two crops of hay a year off the meadow located in section 12.

My father Vern Munn(dec) farmed and ranched with my Uncle Guy Bolingbroke(dec). have had cattle about 200 head and 8-10 head of horses in the pasture. My mother Carolyn cared for the ranch until 1983 and I've been farming and ranching since then. I'm 56 years of age. In the last few years we haven't had as much hay only one crop off the meadow because of the drought. This year the meadow has flooded over the pasture and hay area. We have used Bannock Creek for the watering of our Domestic animals as long as I can remember and continue to use it.
