Re: Water Right No. A29-10994

Dear Dave:

On January 4, 1996, Bannock Paving Company, Inc., acquired all stock of Patton and Linton, Inc., from the shareholders. Accordingly, Patton and Linton, Inc., will now be operated as a wholly-owned subsidiary of Bannock Paving until such time as the name is changed or it is merged.

Enclosed please find an Affidavit of N.H. Patton in support of the above-captioned claim. If you have any questions or need additional information, please contact me. Please note in your records that the mailing address for all future communications to Patton and Linton, Inc., should be sent to the following:

JAN 18 1996

Department
Eastern District of Idaho

SUPPORTING AFFIDAVIT OF N.H. PATTON

STATE OF IDAHO)
 : ss
County of Bannock)

N.H. Patton, being first duly sworn, deposes and states as follows:

1. That I am now and was at all times mentioned herein a resident of Bannock County, Idaho; my current address is 13378 N. Philbin Road, Pocatello, Idaho 83202.
2. At all times mentioned in this affidavit up until January 4, 1996, I have been an officer, member of the board of directors, and controlling shareholder of Patton and Linton, Inc., an Idaho corporation. During this time I have been the principal manager and operator of the business owned by Patton and Linton, Inc.
3. As President of Patton and Linton, Inc., I caused to be prepared, signed on March 28, 1990, and thereafter filed with the Idaho Department of Water Resources a "Notice of Claim to a Water Right Acquired Under State Law", identified as No. A29-10994, a true and correct copy of which is attached as Exhibit "A" and incorporated by reference. This Affidavit is submitted in support of that claim.

MICROFILMED
NOV 14 1996

4. At all times identified in this affidavit, Patton and Linton, Inc., has been and remains the owner of the property located in the NW1/4 NE1/4 of Section 17, Township 6 South, Range 34 East, B.M., Bannock County, Idaho, identified as the point of diversion and place of use in said Notice of Claim.

5. I personally made arrangements for the well to be drilled. To the best of my knowledge and recollection the well was drilled in 1955 or early 1956 to a depth of approximately 150 feet and is cased with 6-inch casing. Beginning on or about March 1, 1956 and continuing on a regular basis thereafter, water has been diverted from the well by means of a 5 horsepower motor with turbine pump for industrial purposes. The water is used to wash sand and gravel and for dust control purposes. The diversion rate is .13 cfs and the total consumptive use per year is approximately 42 acre feet. Water has always been available from the well. Patton and Linton, Inc., has used the water right as needed on a year-round basis. At no time has Patton and Linton, Inc., ever abandoned or forfeited this water right.

6. All of the shareholders in Patton and Linton, Inc., sold their stock to Bannock Paving Co., Inc., on January 4, 1996. Bannock Paving Co., Inc., also leased the property from Patton and Linton, Inc., during 1995 and did pump the well utilizing the water for industrial purposes. My understanding is that Bannock Paving Co., Inc., through its wholly-owned subsidiary Patton and Linton, Inc., will continue to operate the gravel pit and use the well in the same manner as in past years.
