RE: Notice of Claim

Department of Water Resources
Eastern District Office

Dear Mr. Thompson:

The Idaho Department of Water Resources (IDWR) is returning your Notice of Claim to a Water Right because of insufficient information and/or fees. Your check #499 for \$51.00 is also enclosed. All items on the forms must be completed and fees resubmitted before the IDWR can process the notice.

Please correct the items identified below and return the notice and filing fee to the IDWR within 30 days of the date of this letter. If the corrected notice is not returned within the 30 days, the notice will be subject to an additional late fee.

The claim you have presented conflicts with the Ground Water Statute at 42-230, Idaho Code, and Water Appropriation Rules and Regulations, paragraph 2,15. Water uses developed from a groundwater source after March 25, 1963, for any use other than residential domestic or stock water use, must have an application for permit filed. We can find no record of a permit or application for the uses you claim for this property. As result, you may withdraw this notice in Bannock County and submit an application for permit. An application for permit is enclosed, with instructions, for your use in this matter. We will be happy to proceed with the application if you will return the completed forms to our office.

This does not apply for application for permit. It is no longer valid.
