Re: Proof of Claim - Power County

Dear Skip:

Enclosed is the original of the Notice of Claim to a water right for Power County for approximately 44 acres which is irrigated out of a well that was drilled in 1953 and from which water was first appropriated in 1954. Attached to the Notice of Claim are the original minutes of the County Fair Assn. detailing the cost of the project, the date it was completed, and that it was in fact irrigated in 1954.

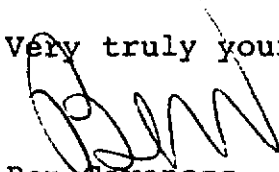

Also enclosed is a check from Power County in the amount of \$144 to cover the required filing fee.

I am also enclosing the original of an Application for Permit for .3 cfs for the irrigation, by drip means, of lands fronting the Snake River that the County has recently installed a shelter belt and is continuing to add to it as funds permit. This well was drilled several years ago as an emergency fire suppression well for the land fill, but is now being used on a regular basis to provide the water for the shelter belt plantings. This includes lands not only presently under irrigation, but those that are contemplated in order to provide sufficient water to irrigate the maximum potential plantings that the county would have in this area.

Also enclosed is a check from Power County in the amount of \$100, which I am advised is the required filing fee for the quantity of water claimed.

Please review this Application and the enclosed Claim and if you find the same to be in proper form, please file it with your office. If any thing further will be required, please let me know.

Very truly yours,

Ben Cavaness

Discussion was held in reference to the existing lease. Also, to the cancellation or assignment of the present lease. It was the opinion of the members of the Fair Assn. that a new lease be drawn by the County Attorney. The new lease would name the Power County Fair Assn. as party of the SECOND PART, and would cancel out all previous existing leases with certain reservations to be held by the Damsite Riding Club. These reservations are to be agreed upon by the Damsite Riding Club and the Power County Fair Assn.

The Fair Assn. agreed to supply water to the acreage written in the original lease. (43 and one-half acres, more or less)

Robert Swim
J. W. Richards

Mr. Potvin agreed to draw an assignment on the lease in question. However, he suggested that instead of drawing anew lease it would be more simple and take less time to have the Damsite Riding Club assign the lease to the Power County Fair Board. Mr. Potvin stated that he would be glad to attend the next Fair Board meeting and present the lease.

The application for water rights was made out and the necessary information filled in by Mr. Potvin on Jan. 12, 1954. The form was signed by the President and Secretary of the Power County Fair Assn.

Mr. Potvin stated that he would draw up the By-Laws for the Power County Fair Assn.
