6/13/14/06

On June 13, I met with Melvin and Douglas and reviewed their files , first I met Melvin and informed him that he needed to try and locate someone who could verify the priority date 1920 and he said he would to locate a neighbor that would confirm this date, and he also confirmed that right 14988 is for the East 4 acres and 4082 is for his 8 acres on the west side of his road. While visiting with these two men they both said that this POD from Wilson creek is for all 5 files and they drew out on the photo where the approx. POD is and how the main ditch flows , then we walked up the hill to where their ditch is diverted from Wilson creek which is marked approx. on the color photo. The only lands that I found not used as pasture is the South east corner of Yatzeck- Bowman property which on the side hill , there are some small areas that are rocky and look dry but they are used as pasture and growing grass with horses and stock feeding there appears that some of these small areas are not irrigated but as I observed them as rocky and hard to keep wet.

On June 14, I met with Bob Bowman and Leo, I did give Bob a change of ownership form and told him to go into IDWR and see Kelly about changing the ownership of this form and he assured me he would get in and do this next week when I had forms returned he then marked on photo where his ditches are located . I met with Leo and he verified his 5 acres on the photo and drew where his ditches are located.

RE: Evidence of Priority

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
