RE:
PROOF

HE BROUGHT IN THE INFO FOR PROOF ON SEVERAL RIGHTS FOR JONES CORPORATION. WE DISCUSSED THE PRIORITY ON CLAIM A47-12269 AND FOUND IT APPEARS TO BE MISCLAIMED. I TOLD HIM HE COULD AMEND THE CLAIM TO AN EARLIER DATE IF THEY CHOOSE TO; THE AFFIDAVITS APPEAR TO BE SUPPORTIVE OF 1919. I REMINDED HIM THIS INFORMATION IS VALID SINCE I KNOW OF NOTHING THAT CONTRADICTS IT AT THIS TIME.

CLAIM A47-12277 APPEARS TO BE ALSO IN NEED OF AN AMENDED PRIORITY DATE. HE WILL NOTIFY THE OFFICERS AND HAVE SOMEONE COME CHANGE THE CLAIMS LATER.

ALSO SUBMITTED INFO ON THE CLAIMS; A47-12280, A47-12257 & A47-12242.

This well was originally drilled by Howard C. Van Ausdelt pursuant to Idaho Department of Reclamation Permit #7590. The original date of priority indicated in that permit was July 10, 1911. A certificate of completion of works was entered on the 12th day of August, 1912, by A. E. Robison, State Engineer. The works were completed to irrigate the West Half (W¹/₂) Section 2, Township 13 South, Range 16 East Boise Meridian then owned by Mr. Van Ausdelt. In the case of Jones vs. Van Ausdelt, found at 28 Idaho 743, the Idaho Supreme Court held that there was no connection between this well and the well of Henry Jones. After the decision in this case, Henry Jones purchased the property and the water rights from Van Ausdelt. This water was used by Van Ausdelt prior to the 24th day of August, 1912, the date upon which his works were completed. Since the time of purchase the water has all been used for irrigation and stock watering. The water was originally used on the West half of Section 2, Township 13 South, Range 16 East Boise Meridian. Since that time the water has been used by the Jones family or the Jones Corporation as supplemental to those lands described in Paragraph 5a of this claim. This right, when considered together with all the other water rights of the Jones Corporation, is less than one inch per acre of irrigable land.

BE IT KNOWN that the undersigned hereby makes claim to a water right as described above together with all attached information and certifies that all statements are true and accurate to the best of his knowledge.

IN THE MATTER OF THE
CLAIM TO A WATER RIGHT,
VAN AUSDELN WELL

)
)
)
)
)
)
AFFIDAVIT

STATE OF IDAHO)
County of Twin Falls) ss.

I, Ora Jones, being first duly sworn, depose and say:

That I was born in Twin Falls County on the 21st day of May, 1917, and that I am the son of Ora Jones and the grandson of Henry Jones. I am also the secretary of the Jones Corporation, the successor in interest of all of the water rights and land holdings of Henry Jones and Ora Jones, my father.

My grandfather, Henry Jones, and Howard C. Van Ausdeln litigated a well interference case after Van Ausdeln obtained a permit in 1911. My grandfather was unsuccessful in that case and thereafter on December 6, 1919, purchased from Mr. Van Ausdeln, the land upon which the Van Ausdeln well was located. A deed is recorded on December 6, 1919, in the records of Twin Falls County wherein Mr. Van Ausdeln transferred the Northwest quarter of the Northwest quarter of the Northeast quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, to my grandfather, Henry Jones. This is the property upon which the flowing well is located, which is the subject of this claim. This well was represented by Permit No. 7590 as issued by the Department of Reclamation with a priority date of July 10, 1911.

Prior to the time that H. C. Van Ausdeln transferred his rights in said well and permit to my grandfather, Henry Jones, he obtained a certificate of completion of works dated August 24, 1912, the date that water from said flowing well was also beneficially applied as stated in the attached claim. I am attaching hereto Permit No. 7590 (Van Ausdeln's original permit) for two cubic feet per second of water. Said permit was scheduled to be cancelled by March 6, 1971, by the Department of Water Administration unless cause be shown why it should not be.

That your affiant knows of his own personal knowledge that the flow from said well was nearly two cubic feet per second in the early 1920's but that in recent years, since full development of the basin, it has diminished to approximately 25 inches. Said well has been continually used to the extent of its flow since it was drilled and the works completed as set forth in Permit No. 7590.

As long as your affiant can remember, a system of ditches and canals has existed so that the water from this well could be commingled with the waters from other wells and has been used with said other supplies to irrigate those lands set forth in Paragraph 5a of the Claim to a Water Right to which this affidavit is attached.

AFFIDAVIT

STATE OF IDAHO)
County of Twin Falls) ss.

I, Norris Jones, being first duly sworn, depose and say:

That I was born in Twin Falls County on the 12th day of May, 1906, and that I am the son of Henry Jones.

I am aware that the Jones Corporation is the successor to all of the interest of my father, Henry Jones, and of my brother, Ora Jones. Of my own personal knowledge I recall the location of the Van Ausdeln well drilled in the Northwest quarter of the Northwest quarter of the Northeast quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, and the resulting law suit between my father and H. C. Van Ausdeln.

I am aware that my father began using the full flow of this artesian well at the time that it was transferred to him from H. C. Van Ausdeln in 1919.

Of my own recollection, I recall Mr. Van Ausdeln's use of the water prior to 1919.

I further recall that the Jones family and the Jones Corporation, as the successors, have always used the total flow of this well; that the total flow has varied from two cubic feet per second to approximately twenty-five inches since 1960.

I submit this affidavit in support of the Jones Corporation's claim to the waters of what has previously been designated as the Van Ausdeln well.

A WATER RIGHT - LIND WELL.

AFFIDAVIT

STATE OF IDAHO)
County of Twin Falls) ss.

I, ORA JONES, being first duly sworn, depose and say:

That I was born in Twin Falls County on the 21st day of May, 1917, and that I am the son of Ora Jones and the grandson of Henry Jones. I am currently secretary of the JONES CORPORATION, the successor in interest of all of the water rights and land holdings of Henry Jones and Ora Jones.

Mr. Lind drilled a well in the Northwest Quarter of the Northeast Quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, Twin Falls County, Idaho. This well is presently drilled to a depth of 450 feet and has an 8-inch casing.

Lind began using the water on approximately August 24, 1912.

Although the well as drilled by Lind was previously represented by a permit obtained from the Department, said permit has been cancelled. Originally this well flowed much in excess of the 25 inches herein claimed, however, in recent years, since full development of the basin, it has diminished to approximately the 25-inch amount. Said well has been continually used since acquired from Lind by my predecessors in interest to the extent of its flow since it was drilled and the works completed.

So long as your affiant can remember, a system of ditches and canals has existed so that the water from this well could be co-mingled with the waters from other wells and has been used from said other supplies to irrigate those lands set forth in paragraph 5a to which this Affidavit is attached.

I, NORRIS JONES, being first duly sworn, depose and say:

That I was born in Twin Falls County on the 12th day of May, 1906, and that I am the son of Henry Jones.

I am aware that the Jones Corporation is the successor to all of the interest of my father, Henry Jones, and of my brother, Ora Jones. Of my own personal knowledge I know the location of the "Lind Well" drilled in the Northwest Quarter of the Northeast Quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, Twin Falls County, Idaho.

I know of my own personal knowledge that this water was beneficially applied by Mr. Lind prior to 1919.

I further recall that the Jones family purchased the property and the well from Mr. Lind in 1919, and as the successors, have always used the total flow of this well which has varied between a high of 50 inches when originally drilled to its current production of 25 inches since about 1963.

I submit this affidavit in support of the Jones Corporation's claim to the waters of what has previously been designated as the Lind Well.

DEPARTMENT OF WATER ADMINISTRATION

CLAIM TO A WATER RIGHT

Established by Diversion and Application to Beneficial Use

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

(Please refer to the instructions on the back of this form)

1. Name of claimant Jones Corporation
post office address Route 1, Twin Falls, Idaho 83301

9. Remarks: please explain any details of your claim which you feel need clarification or additional explanation
It arises in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 12, Township 13 South,
Range 16 East, Boise Meridian, and although the permit was can-
celled, the well was drilled, and flows artesian to the extent of
approximately 15 inches. The land was acquired by Henry Jones and
subsequently transferred to the Jones Corporation in 1951. The 15
inches of water has been used on all of the lands presently owned
by the Jones Corporation as supplemental water. This right, when
coupled with all of the remaining Jones Corporation rights, still does
not provide them with an inch per acre for their irrigable acres.

I, ORA JONES, being first duly sworn, depose and say:

That I was born in Twin Falls County of the 21st day of May, 1917, and that I am the son of Ora Jones and grandson of Henry Jones. I am currently secretary of the Jones Corporation, the successor in interest of all of the water rights and land holdings of Henry Jones and Ora Jones.

This well was formerly owned by Frank Jewett under Permit No. 2535 as obtained from the then existing Department of Reclamation. The well is located in the Northwest Quarter of the Northeast Quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, Twin Falls County, Idaho. It was drilled by Mr. Jewett approximately the same time that other wells in the same 40-acre tract were drilled.

The permit originally outstanding has been cancelled, but since the well was drilled, it has flowed with artesian pressure and presently flows to the extent of approximately 15 inches. The original application provided for a total diversion of approximately 30 inches.

The land and the well claimed was acquired by my grandfather and subsequently transferred to the Jones Corporation in 1951. Said well has been continually used to the extent of its flow since it was drilled.

As long as your affiant can remember, a system of ditches and canals has existed so that the water from this well could be co-mingled with water from other wells and has been used with said other supplies to irrigate those lands set forth in paragraph 5a of Claim to a Water Right to which this affidavit is attached.

I, NORRIS JONES, being first duly sworn, depose and say:

That I was born in Twin Falls County on the 12th day of May, 1906, and that I am the son of Henry Jones.

I am personally familiar with the well referred to as the Reagan Well, originally drilled by Frank Jewett in the Northwest Quarter of the Northeast Quarter of Section 12, Township 13 South, Range 16 East, Boise Meridian, Twin Falls County, Idaho.

I am aware that my father began using the full flow of this well at the time it was transferred to him from Mr. Reagan.

Of my own recollection, I recall Mr. Reagan's use of the water prior to 1919.

Of my own personal knowledge, I am aware that the Jones family and the Jones Corporation, as the successor in interest of this water right, have always used the total flow of this well and that the total flow of the well, although substantially more in the years prior to 1960, now flows at approximately 15 inches by artesian pressure.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

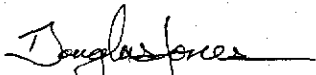

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.

GEN CLAIM COVERS STATUTORY CLAIMS 47-4011, 4012, & 4013 FOR IRRIGATION USE. THE 3 WELLS ARE CONNECTED, SO CONSTITUTE ONE SYSTEM. ALTHOUGH THE WELLS WERE DRILLED ABOUT 1912 TO REPLACE OLD SPRINGS, THE PRESENT LARGE ACREAGE IRRIGATED WAS FINALIZED IN 1955. THE ACRES CLAIMED HAVE BEEN IRRIGATED SINCE THEN. STOCK USE FROM THE SOUTHERNMOST OF THESE WELLS WILL BE COVERED BY ANOTHER CLAIM. THERE IS A FOURTH WELL AT THIS LOCATION THAT HAS NOT BEEN USED FOR A LONG TIME; IT WILL NOT BE CLAIMED NOW, AND WAS APPARENTLY NOT CLAIMED IN THE PAST. THESE WERE ALL ORIGINALLY ARTESIAN WELLS, BUT NOW MUST BE PUMPED TO GET WATER TO THE SURFACE.
