RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

phone call (.) walk-in (X)

The property is for sale and we could only find one claim under the name of DALE KRUMM (A47-12873 for wastewater). He knew there was a well and a home and that they irrigated several acres. We did a P/U query and found A47-07352 was appurtenant to the same property but was apparently never changed when KRUMM bought the property from EDWARD THOMPSON. Gave him profile reports for each and a Change of Ownership form...

phone call (X) walk-in (.)

Said she is contemplating purchase of this property and had some questions on the water rights, as she is relatively new to the area. Told her there is the licensed claim (A47-07352) which never was changed from Thompson to Krumm, and the beneficial use /wastewater claim (A47-12873) which still needed evidence of priority submitted. Gave her an ownership change form, a copy of the letter requesting E/P and our pamphlet, and the 3/14/95 note from Steve about who to talk to. She intended to contact the TFCC to see if it was possible to buy shares for this property also...
