Dear Mr. Brown:

In response to your September 26, 1994 letter our office has changed the electronic record for the above listed Snake River Basin Adjudication (SRBA) claims. Please find enclosed copies of proof reports for these changed records.

Your letter requested we also change A36-15131. Since your letter indicated that only Kenneth & Jennifer Mulberry, Ken Mulberry Enterprises or Mulberry Enterprises property was mortgaged, this change was **not** made since the claim is in the name of "Russet Valley Produce" and/or "Russet Valley Produce Profit Sharing".

Your letter also seemed to request changes to several Twin Falls Canal Co. stock certificates. Since our department does not deal with these records I recommend you contact the Twin Falls Canal Co. directly.

In checking our database I found three other SRBA claims (A47-12694, A47-12721 & A47-10012) in the name of "Ken Mulberry Enterprises". Please find listings of these records for your review. Please note that since these claims were not specifically listed in your "Exhibit B" these records were **not** changed either.

If you have questions please feel free to contact our office.

Sincerely,

Allen Merritt

RE: Idaho State Historical Society Water Rights 47-00129 and 47-00130

Dear Kay,

Thank you for your acknowledgement of our request for additional information. Your proposal for response is fine. I look forward to your information in the next month, or so.

47-00130
It appears that there may be some complex inter- and intra-agency responsibilities with respect to these water rights. Could you share some information on which group I should direct questions to regarding day-to-day operations, water right filing requirements if necessary, negotiations of water right elements, etc? Perhaps it will assist me if I understand to what extent your division is involved.

As an explanation of where my department is coming from I offer the following:
Essentially, IDWR is trying to determine if there was a reservation of water made in a warranty deed or an entire water right conveyed with a portion of the original land. IDWR has been made aware that the Stricker site diverts water through a pump in Rock Creek. Information relative to dates of changes in diversion details and places of use is being sought. Suggestions to correctly effect changes or represent the water rights may be made by IDWR to the involved parties based on the developed facts.

Thank you for your consideration in responding to our correspondence. If you have any questions as you work through this please get in touch.

Sincerely,

Re: Idaho State Historical Society Water Rights 47-00129 and 47-00130

Dear Mr. Jones:

Enclosed are copies of two documents. The first is a quit claim deed dated February 2, 1979; the second is a trustee's deed dated September 24, 1984. It is the second of these documents, which conveys title to the Stricker ranch site (Ranch) to the Idaho State Historical Society (Society).

The information that I have been provided indicates that the Society has been diverting property from Rock Creek and applying it to beneficial use on the Ranch property for over 17 years. The Society applied for and received the necessary permits at that time and has been paying the bill for the water that it has used.

More recently, an individual named Mulberry obtained property that abuts the Ranch parcel. Apparently Mulberry diverted water from Rock Creek for use on his property. Ostensibly, after Mulberry acquired the property he altered the Rock Creek streambed and channel, an action that has drawn the attention of both the Army Corps of Engineers and the Department of Fish and Game.

I understand that the Stricker family diverted water and used it on the Ranch site for many years prior to the time that the property was deeded to the Society. Mr. Swanson has indicated that there are several neighbors, including Glen Young, who would be willing to attest to this diversion and use as well as to the Society's diversion and use. If you wish to have this information in the form of an affidavit or other format, please let me know.

Douglas Jones
October 18, 1999
Page 2

In your letter of October 7, 1999, you inquired as to the inter-relationship between the various agency individuals who might have information concerning the topic. Please be advised that Ken Swanson is the Historical Sites Manager for the Society. Any questions concerning the Ranch property and related issues, including water rights, should be referred directly to Ken. His telephone number is (208) 334-2120.

As the attorney for the Society, I will be working with Ken. If you have questions that are not fact-specific regarding the property, or other issues with which I can assist, please don't hesitate to call.

In addition to Mulberry, you may also have me or know of the current tenant on the property, Bruce Bacon. Mr. Bacon is the Ranch site caretaker. Mr. Bacon is not an employee of the Society, he is not a representative of the Society and has no authority to speak for or represent the Society in any capacity. Any questions concerning Mr. Bacon or the Ranch site should be referred directly to Ken Swanson.

Please feel free to contact Ken with any additional questions concerning the factual basis for the Society's claim. In the meantime, if there are issues with which I may assist you, please do not hesitate to call.

Sincerely,
