RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

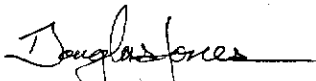

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

phone call (X) walk-in (.)

Reviewed history of claim changes with John. He explained that he represents Rodney Hopwood, son-in-law to Bill Brockman. Hopwood is planning a sale of 25 ac in NWNE and finds no right from drain on this property as originally claimed. Right was wholly changed to Stan Haye as represented on owner change form and conversations with SRBA agent. Haye then amended claim to reduce acres so all the right (1.22 cfs) is on 32 ac in the NENW S33 T11S R18E.

I suggested to John that more than a simple owner change is needed to correctly describe the right again. I recommended that Haye amend the claim to include the acres it is used on, including the NWNE if so used, and then submit a quit claim deed and with change of owner form to Hopwood. New owner could then submit owner change form after closing.

Coleman will look up contract, talk to parties and get in touch early next week (Feb 3-7). I agreed to be available.
