Memo to file 47-52, 47-14095, 47-14096

from: Trish Fawcett

Marc Brackett came into the office on 6/26/01 and wanted to amend claim 47-2394 to more accurately reflect the license on which the claim is based. He was routed to Jeanie Robertson. Jeanie could not amend the claim as it was still in the name of C E Brackett Cattle Company. Jeanie came to me and inquired about a change of ownership that was submitted by Marc Brackett in May 1999 requesting the name on the claims be changed to Antelope Springs Ranch on claims 47-52, 47-2394, 47-14095, 47-14096 and 47-14099. I had the change request form, and I explained to Marc why the change had not been completed. On the three claims above there were several acres claimed (circled in pencil on the attached profile reports) that are on BLM ground and several acres not conveyed in the deed that are under private ownership. He looked at the deed and said one quarter-quarter had been omitted as the ground under private ownership was indeed owned by Antelope Springs Ranch. He said he would obtain a corrected warranty deed and that he was aware of irrigation on BLM ground and would correct that when the adjudication began reviewing basin 47. I changed the ownership on the claims with the understanding that Marc was aware of the discrepancies and would correct them when review of basin 47 claims began.

Note: There were no problems with changing the ownership on claims 47-2394 and 47-14099.

REVIEW OF CLAIMS

He was referred by the SRBA court to see me ... we discussed the claims process to get the partial decree. Searched the database and found the claims A47-00052, -02394, -14095, -14096, -14099. Compared these with claims filed in the same areas by BLM and found only instream uses filed and recommended. We discussed the need to file on D&S claims and I explained he could claim those uses at a later date if needed.

RE: Evidence of Priority

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

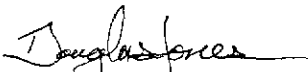

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
