I appreciate your help last night!
I am wondering if I could attach the
drawing enclosed with some explanation from
me. The "●" indicates another place of
diversion. The "red line" describes more land
that is irrigated with claimed water. The
"black line" outlines the "Wild Horse Drainage"
that cattle are allowed to water at any time.

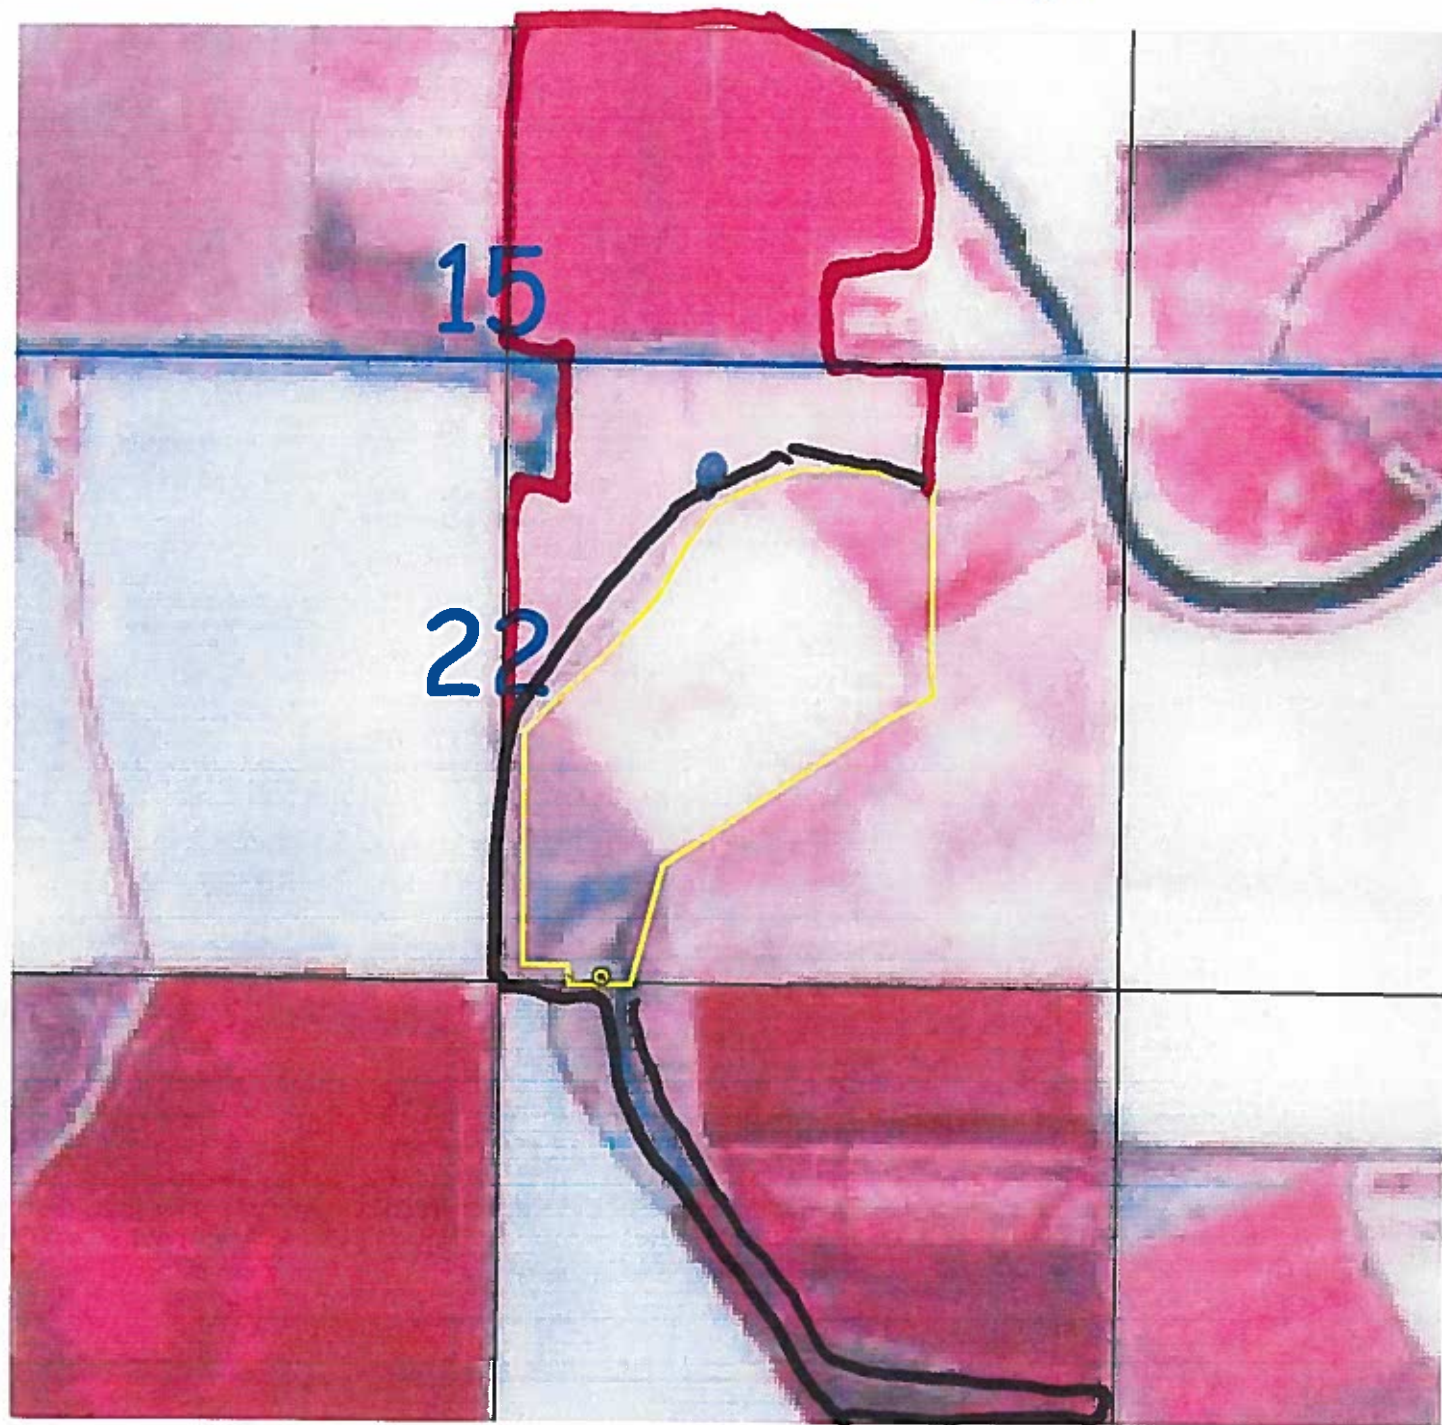

Please attach or let me know the next
step.

POU reduced based on tax lot information....CFS reduced based on acres of irrigation.

E of P: affidavit written by Neal Allen states that he observed the water from the "Wildhorse Drainage" being used in the 1940s...can recognize claimed priority date.

Stockwater recognized as DeMinimus....0.02 cfs and 13,000 gpd

Orig. stat. claim (w/included map) only identified 14 irrigated acres out of Wild Horse Creek ... can't recognize the claimed 40 acres. Field exam identified POU same as was claimed in stat. claim, as well.

Appears that more is being irrigated out of this source now.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

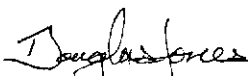

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Re: Snake River Basin Adjudication SRBA
Twin Falls County

Dear Mr. & Mrs. Wiseman:

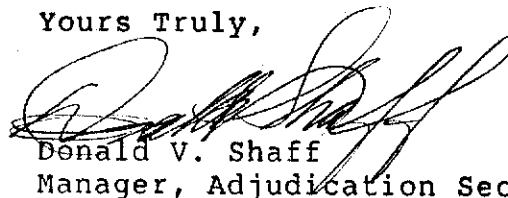

We received your Notice of Claims to a Water Right filed for your property in Twin Falls County and your check #1395, in the amount of \$65.00 recorded by Receipt #C005843, which is enclosed.

The \$65.00 was recorded as \$25.00 filing fee for the domestic claim and \$40.00 towards your irrigation claim. However, the correct filing fee for your irrigation claim is \$50.00, plus \$40.00 (at \$1.00 per acre claimed as irrigated) for a total of \$90.00. Please forward the additional \$50.00 owed to this office at the attention of Carter Fritschle, and we will begin processing your claim when the additional fee has been received.

We will suspend for 30 days the processing of your irrigation claim until the correct filing fees are paid. The claim will be returned after 30 days unless the additional fees are paid as set forth above. Your domestic claim has been accepted.

Thank you for your prompt reply and payment. Do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff

Andrew Wiseman

[illegible]

I spoke to Mr. Wiseman by phone regarding his use of Wildhorse Creek, which he described as a wastewater drain from Twin Falls Canal Company. I explained that his obtaining permission from TFCC to put a pump in the wastewater drain did not exempt him from needing a permit to allocate that water. We talked more about his irrigation system, and he told me that he also has TFCC shares. I asked him if the water he was pumping from Wildhorse Creek was included in his shares and he said no. He asked me if he could change his point of diversion for the delivery of his shares. I told him that as long as the land he was irrigating was within the claimed boundary of the TFCC, and that the water he was diverting was included in his TFCC shares, that his point of diversion was between him and his ditch rider.

I told him that we would be out to do a field exam of his claim in approximately two years, but that if he had any concerns before then to be sure to call us.

RE: Snake River Basin Adjudication (SRBA)
Claim Numbers: 47-14958 and A47-14966.

Dear Mr. Wiseman:

Enclosed please find copies of the original claims that you filed in the Snake River Basin Adjudication on November 7, 1988. If you believe that claim number 47-14958 was decreed in error, you may petition the court to set aside your partial decree. The address and phone number of the SRBA court are listed below for your convenience.

SRBA DISTRICT COURT PO Box 2707, Twin Falls, Idaho 83303-2707
208-736-3011

In regard to your question concerning claim number A47-14966, it appears that the claim was originally filed for the number of acres you were irrigating on the date of filing, which was 40 acres. The Adjudication was begun in 1987 to assess the amount of water being diverted, and the number of acres actually being irrigated, in the Snake River Basin at that time. The remark about future plans that you included in your original claim filing will not be addressed in the Adjudication, as any additional acres irrigated after the commencement of the Adjudication are subject to the Idaho Mandatory Permit Statute, and must be approved by the Department in an administrative process. Water rights in Idaho are not granted for future development. Only after water has been put to beneficial use, and proof of beneficial use has been submitted to the Department, can a right to use that water be issued.

At such time that you wish to expand your irrigation to the entire 60 acres, you may apply for a permit to do so from the Department. Note that, in our region, at this time, there is a moratorium on all expansions of consumptive use including irrigation, but that does not prevent you from applying for a permit which could be processed at such time that the moratorium is lifted.

I would be glad to answer any questions you have regarding the above Adjudication claims, or the SRBA in general. If you wish more information

A47-14966

about appropriating additional irrigation water or expanding your irrigated acreage, an Allocations Bureau Agent, in this office, could better help you.

Sincerely,

Vikie Hancock

I am writing to follow-up some questions in regards the mailings I received in the last two weeks. My first question I have relates to a partial decree pursuant to I.C.R.P. 54(b) for water right 47-14958. I would like to see the original claim I submitted. I felt that I had submitted a claim slightly different than water is outlined on this decree case no. 39576.

My second question arises relating to the adjudication claim profile report, AJ5809NP No. A47-14966. I read this report to include 40 acres. I own 60 acres on the south side of the county road 3800 N. Secondly, the report states "future plans may include pumping the water for additional irrigation". Since I submitted the claim I have installed a pumping system serving 20 acres, and I may expand this pumping capacity to cover the entire 60 acres. The Twin Falls Canal company said I could pump the waste water in "Wild Horse Creek".

I also have included the change of address form that you have requested.

Thank you for your attention to my concerns.
