He stated that he had been working with Frank and that he thought he needed to file a late claim for irrigation on ground formerly owned by the BLM. I did an aj5 records search and compiled the 4 rights on a land list grid. From that review it does appear that there are some areas that do not match what is the current practice, but there are areas that apparently have shifted through an unrecorded transfer(s). I suggested that he wait until field verification of his claims to finalize any new filings (if necessary) as the claims do not clearly identify actual irrigation practices and the only practical way to determine what is required is to do a comprehensive system review.

being first duly sworn,

deposes and says:

The Mc Mullen Reservoir is located
on Cottonwood Cr. The water is not
diverted from Cottonwood Cr into the reservoir.
Most years the water is all diverted from
Cottonwood Cr. to farm land above the
reservoir. At flood stage there is
usually some water that runs into
the reservoir and there have been
years when the reservoir has filled from
Cottonwood Cr. The private date is 1946
because that is the year the reservoir was
built. I was a boy 9 years old at that
time and remember my cousin & I playing
in the mud when the reservoir was
being built.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

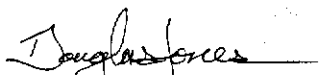

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
