RE: Original claim number 45-04020

Dear Mr & Mrs Daw

Recently I found that the original claim for the irrigation water use in T11S R18E S24 E1/2NE was incorrectly numbered by IDWR. This error described the water use as occurring in our administrative basin number 45. The diversion and use of water under this claim actually occurs in administrative basin number 47. For this reason I have renumbered claim A45-04020 to identification A47-16774. I have enclosed a map that depicts the general area of your usage in relation to our administrative basin boundary to aid you in understanding the change I have effected. Also enclosed for your reference are printouts of the claim as originally filed and as it appears renumbered. Please refer to the new number in future correspondence or inquiries with the department.

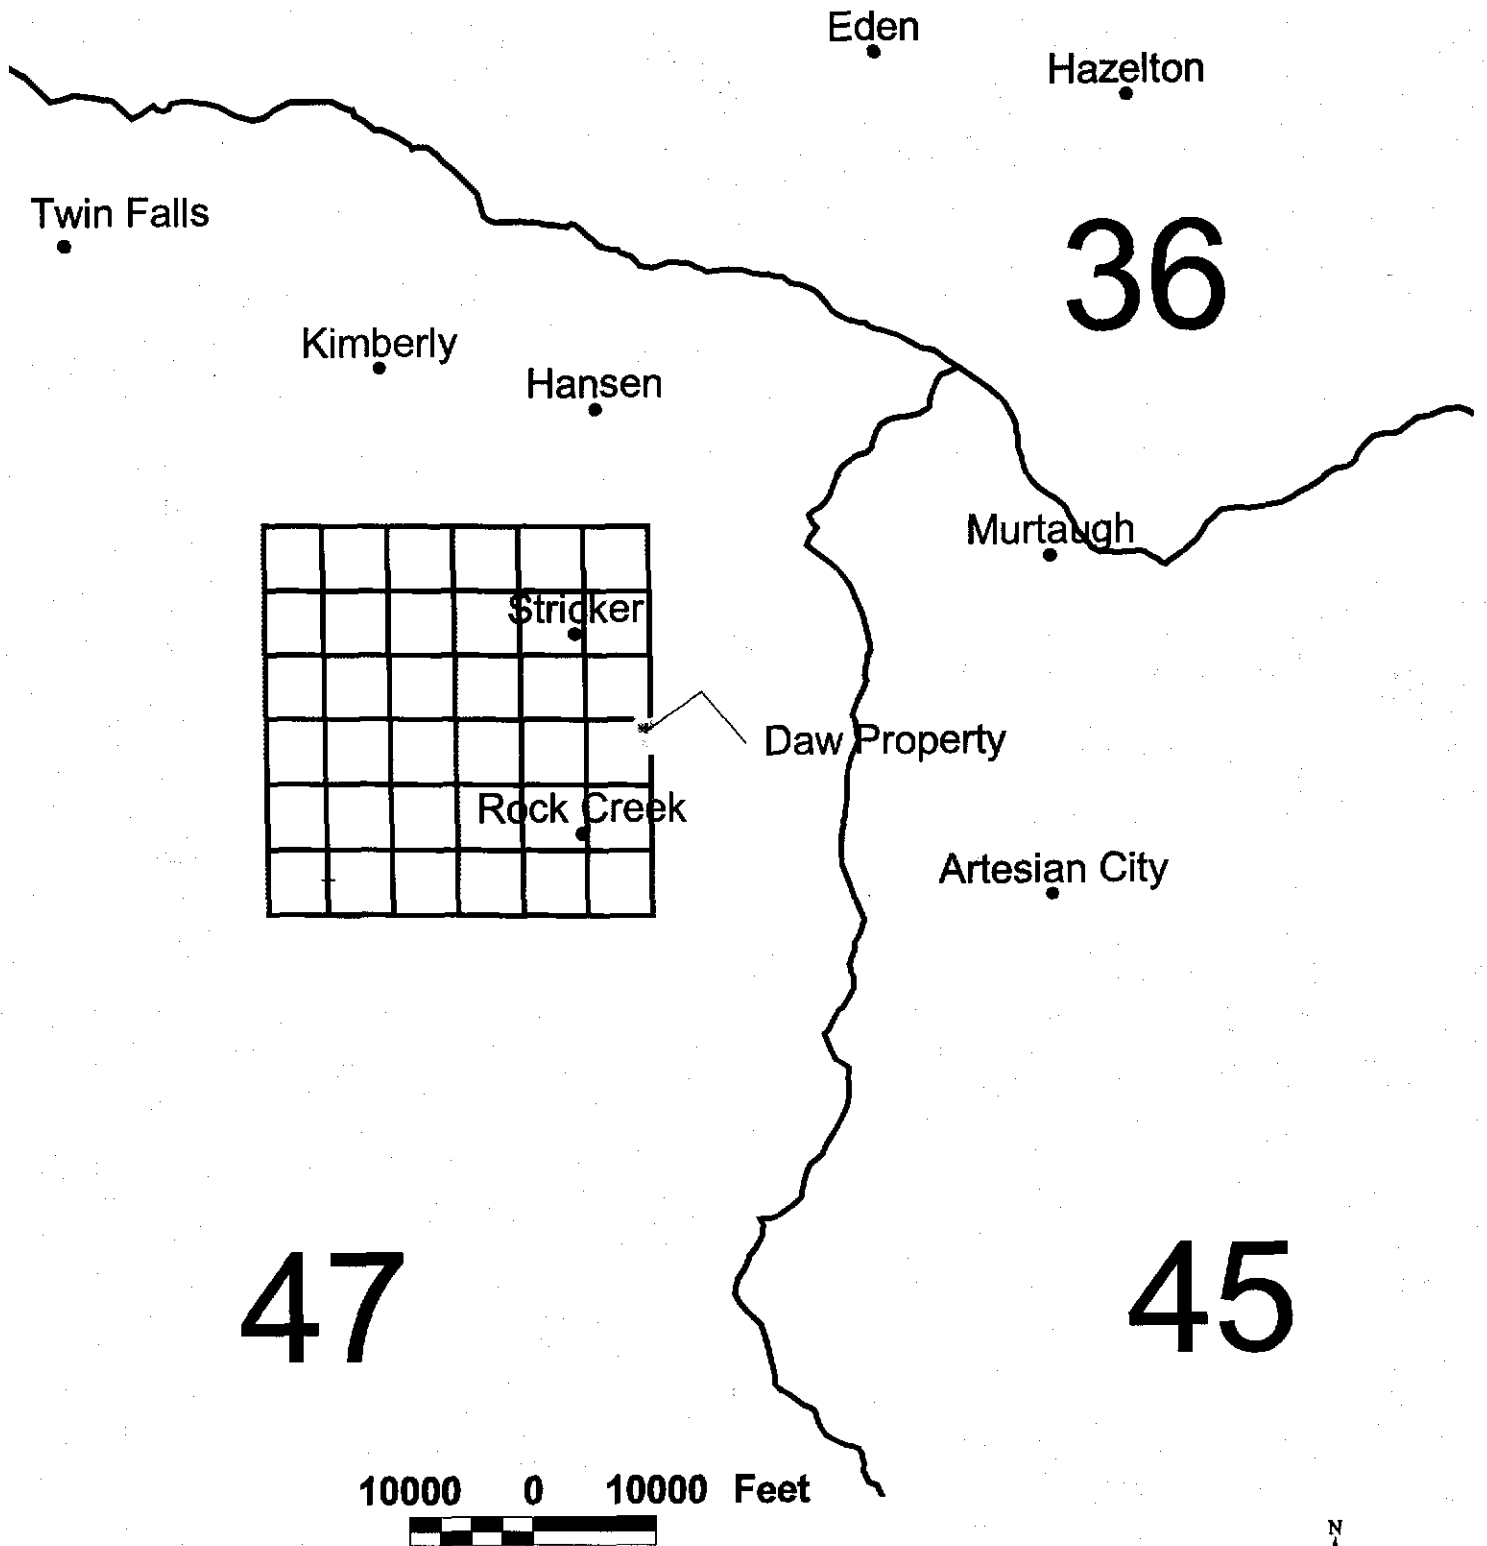

I have also discovered that your domestic right, recently decreed by the SRBA Court under 45-10179, is also incorrectly numbered. I am taking steps to have this right renumbered to the correct basin, but this will take some more time. If you have not heard from me by the end of February I would appreciate a reminder from you. I do not believe you will need to make other efforts or filings to correct this. Though I will let you know if I do need something from you.

IDWR has not made any determination or made any investigation about your irrigation right at this time, apart from the basin number problem. You may have followed newspaper stories about the Snake River Basin Adjudication and may be wondering about your claim. We anticipate beginning our investigations late in the year 2000 and continuing into 2001.

I am available to answer any questions you may have regarding these matters.

Sincerely,

Douglas Jones, PE

RE: Evidence of Priority

RESPONSE DEADLINE

APRIL 1, 1993

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will at a later date conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

Please find enclosed a computer printout of your Notice and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date by **April 1, 1993**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor
