NOTICE OF WASTEWATER USAGE

Submitted to Idaho Department of Water Resources

I, Clinton Dougherty, have owned and farmed the property located at:

RP10S16E19722A - in the county of Twin Falls -
physical address known as 3735 North 2200 East, Filer

since 1916. The waste water that flows through my farm has collected at this location and been used for irrigation or stock water since 1979.

I sold said parcel to Bill Hansen in 1993. The waste water is still collected and used as it has been in the past.

Signed:

Clinton Dougherty

Christensen, Kelly

To: Clelland, Steve
Subject: amendment to 47-16795

Apparently you were working with a Bill Hansen and/or Laurien Warren for a waste water filing. He indicated that you wanted the location of where the ditch crossed the road so that you could identify it as a point of diversion. Bill came in today and I added that point to the claim as an amendment. I also made a copy of the evidence of priority Bill had, although it probably is already in the file. I did not check the original to see while he was here. I did not delete any of the other pds listed on the claim but my guess is that one or so probably shouldn't stay on the claim.

I noticed that the claim status was listed as temporary and as he had a copy of the receipt, I changed the claim to active.

Order No. 8-53549

EXHIBIT "A"

A parcel of land located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19, Township 10 South, Range 16 East of the Boise Meridian, Twin Falls County, Idaho, more particularly described as follows:

Commencing at the Southeast corner of said Section 19;

THENCE North 0° 04' 00" West a distance of 1722.03 feet along the easterly boundary of said Section 19 to the TRUE POINT OF BEGINNING;

THENCE North 88° 27' 57" West a distance of 657.90 feet to a point on the toe of the bank of the Low Line Canal;

THENCE northerly and easterly along the toe of the bank of the Low Line Canal the following courses and distances;

North 30° 49' 00" East a distance of 48.94 feet;

THENCE North 17° 39' 36" East a distance of 204.85 feet;

THENCE North 45° 00' 13" East a distance of 144.21 feet;

THENCE North 71° 07' 13" East a distance of 150.55 feet;

THENCE South 75° 48' 08" East a distance of 156.71 feet;

THENCE South 47° 06' 45" East a distance of 237.27 feet to a point on the Easterly boundary of said NE $\frac{1}{4}$ SE $\frac{1}{4}$;

THENCE South 0° 04' 00" East a distance of 205.60 feet along the easterly boundary of said NE $\frac{1}{4}$ SE $\frac{1}{4}$ to the TRUE POINT OF BEGINNING.

There was no water transferred in this transaction.

For Bill Hansen's protection we agreed that if I, Clinton Dougherty, or any of my heirs decide to sell our farm, Bill will be given a chance to buy 3.26 shares of water at the going price.

LOWLINE CANAL

This is an aerial photograph of a rural area, likely a farm or ranch. A prominent feature is a winding canal or ditch, labeled 'LOWLINE CANAL'. A specific area of land is outlined in white and labeled '4.56 acres'. The map is overlaid with a grid. In the top right corner, there is a text box with identification numbers and a date. In the bottom right corner, there is a text box with section and range information. The bottom of the map shows section numbers 19, 20, 29, and 30.

COMMUNICATION DOCUMENTATION

He came in to ask what type of rights he may have to some TFCC wastewater via a system he has in place on his property. It was improved with the help of the original landowner who has TFCC shares. Sounds like he may have a 1939 priority for the wastewater and should be filing an SRBA claim. He has some type of written option to purchase some canal shares from the original landowner, Clinton. I suggested he speak with an attorney to address some of the legal issues surrounding this property arrangement, pipeline easements & the documents as written. Suggested he get a written affidavit from Clinton to support a future claim to the WW in the SRBA.

6/9/94

COMMUNICATION DOCUMENTATION

Claim No. 47-16795

This form is to be used to document public record information requests regarding any SRBA claim or claims. The form may also be used to document IDWR communications requesting information regarding any SRBA claim or claims when the request is not made in writing or the claim verification report is not readily available to document the request. This form is to be filed in all relevant claim files or a central office file.

NAME:

RE:

LAURIEN WARREN

APPT

FILE CLAIM ON WW

She came in to file a claim for WW in B47. She had an affidavit and deed and a sketch of the area. Unclear exactly what uses are occurring and she stated she was not as informed of the situation as was her husband, Bill Hansen. I prepared a draft claim and GIS map of the lands and ask her to call me back with the claimed flow rate and acres.

CALLBACK: 6/7/01 3:30 PM BILL HANSEN

He called in and said the acres as he knew them were 4.57 acres, same as the COGO finding. We discussed the flow rate and he didn't know an amount; I described the 1.5 inch per acre allowed for lots under 5 acres and he agreed to list the 7 inches (0.14 cfs) on the claim. Fees will be \$55.00 and he said his wife will come in and sign the claim and pay the fee.
