R. R. SONNER and LUCY E. SONNER, Being first duly sworn on oath, depose and say:

That they hereby make application to the State Reclamation Engineer for an extension of time for proof of completion of works under application No. 27853 and permit No. 20238 and in support of said application submit the following facts, to-wit:

That the said R. R. Sonner and Lucy E. Sonner, husband and wife purchased the land covered by the above entitled application and permit from the original applicant, receiving at said time and place an assignment of all rights under said application and permit, the original of said assignment being enclosed herewith for docketing in the records of said Department and returned thereafter; that at the time of purchase of said property, to-wit, on or about the 18th day of July, 1949, only one of the wells set forth in said permit was drilled, being the one situated in the Southeast Quarter of the Southeast Quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section Thirty-two (32), Township Eleven (11) South, Range Nineteen (19) E.B.M. and that the additional well designated as well No. 2 on permit map No. 20238 had not been drilled.

That the land described in said permit cannot be watered from the one well now in operation and that the additional well is necessary for the acquiring of sufficient water for the irrigation thereof, to-wit, non in excess of one (1) inch per acre; that the cost of such additional well is estimated to be approximately Seventy-five Hundred and no/100 (\$7500.00) Dollars and that it is necessary that the applicants for such extension, dispose of their crops raised on said premises for the crop year 1949 in order to procure sufficient finances for such purpose; that in addition to such reasons hereinabove set forth that your applicants have been engaged in the farming of said above described property and have not had time to complete the works on or before the 30th day of December, 1949; that an additional period of two years is essential to do the necessary work to secure a source of water supply by tapping subterranean water by drilled wells and that for the reasons hereinabove set forth your assignees, being now the owners, under said assignment of application for permit No. 27853 and permit No. 20238 request an extension of time of two years for the completion of the whole of said works thereon.

That as a necessary incident to such extension the applicants further request an extension of time for making proof of beneficial use of the application of said water and that the date of priority relates back to the date of priority established under the provisions of said application and permit aforesaid.
