Dear Claimant(s):

Pursuant to notification that you presently own the property in which the above referenced Adjudication Claims are appurtenant, the Department has changed the records of the current owner as you requested. Please find enclosed copies of the computer records of the claims noting the change in claimant.

Please review the records and if you have any corrections or questions, please feel free to call this office.

#47-08109 is a Permit, not an adjudication claim. In order to change the name of an application for permit you must complete the enclosed form, have it notarized, and return it to us along with a fee of \$25.00.

3 THIS AGREEMENT is made and entered into this 13 day of
4 September, 1993, by and between the City of Buhl, a
5 municipal corporation, hereinafter referred to as "City", and Helen
6 Lyon, individually and as personal representative of the estate of
7 Russell Lyon, and Thomas E. Lyon, hereinafter referred to as
8 "Lyon".

9 The parties to this agreement hereby agree as follows:

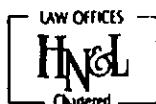

10 1. That Lyon claims to own a water right to use the
11 waste water flowing from the City sewer lagoon treatment plant
12 which has been described as Identification Number A47-04100 with a
13 priority date of May 1, 1965. That the City does not guarantee the
14 availability of said waste water.

15 2. That the parties agree that the City has the right
16 to change the point from which said waste water is discharged from
17 the City's property.

18 3. That the City sewer lagoon treatment plant is
19 located on or near the following described real estate, to wit:

20 Northwest Quarter of the Southwest Quarter of
21 the Northeast Quarter (NW1/4 SW1/4 NE1/4) of
22 Section 26, Township 9 South, Range 14,
23 E.B.M., Twin Falls County, Idaho

24 4. That the waste water from the City sewer lagoon
25 treatment plant is discharged from the City property into an open
26 ditch owned by Lyon which is located on the west boundary line of
27 the City's above-described property, a distance of 955 feet more or
28 less north of the southwest corner of said City property.

E. NARRATIVE/REMARKS/COMMENTS

FROM: Georgia Satterlee
DATE: 09 March 1999
RE: 47-08109

I met with Jim Lyon, son of Tom Lyon, on 15 January 1999 to conduct field examination for the above permit. The permit is for irrigation use from a stream, with three different diversion points.

The initial point of diversion is the most southerly diversion (PD #1) and is located in the NENESE $\frac{1}{4}$ of Section 27, T09S, R14E. The middle p/d (PD #2) is located in the SESENE $\frac{1}{4}$ of Section 27, T09S, R14E. The third and last p/d (PD #3), which is closest to the home, is located in the NESENE $\frac{1}{4}$ of Section 27, T09S, R14E.

The water is diverted from the stream to, either a smaller earthen ditch, PD #1, and/or a gated pipe, PD #2. Both means are used to gravity irrigate. A small pump, PD #3, is used to draw from the stream for sprinkling the lawn.

The measurement was taken upstream from the initial point of diversion. The distance and time was taken to calculate flow. Please see schematic enclosed. The permitted rate will be recommended.

The irrigated acres is determined to be 5.3 acres, including the sprinkled lawn. The place of use will be recommended as permitted with the appropriate rate per acre = 0.03 cfs/acre.

The domestic use related with the permit will not be recommended because the yard is included with the irrigated acres. Moreover, the domestic use is appropriately claimed via 47-13321.

Three statutory claims A47-04027, -04100, -04463 are recognizing the irrigation across the road, approximately the W $\frac{1}{2}$ of the SWNE $\frac{1}{4}$ of Section 26, T09S, R14E.

2 5. That at a later date, the City modified its sewer
3 lagoon treatment plant and the point of diversion was changed from
4 said ditch to the end of a chlorination chamber.

5 6. That the City reserves the right to change said
6 point of discharge, if necessary, whenever the City sewer lagoons
7 are modified, changed, updated, or additional lagoons are added to
8 its sewer lagoon treatment plant.

9 7. That when the City last modified its sewer lagoon
10 treatment plant and added the chlorination chamber, Lyon, at Lyons'
11 expense, constructed a 10 inch steel pipeline, approximately 300
12 feet in length from the end of the chlorination chamber to the
13 waste water ditch in which the water formally flowed and in which
14 it flows onto Lyons' property. The Lyon owns said pipeline which
15 is for the most part not buried.

16 8. The City does hereby grant to Lyon a license for the
17 above-described pipeline. Said pipeline license to extend ten feet
18 on each side of said pipeline, except in areas which the City has
19 any construction or where any portion of the sewer lagoon treatment

22 acknowledge that by the very nature of the water being discharged
23 from the sewer lagoon treatment plant that there may be items in
the water which may damage their pipeline or property and that the
City will have no responsibility for any damage to said pipeline or
property which is caused by said water. The City reserves the

Notice of such revocation whenever the pipeline license is not
in the best interest of the City and its citizens.

9. The parties agree that should any redesign of the City's sewer treatment plant change the point of discharge of the waste water that the City will, if reasonably possible without extra expense to the City, design the change so that the discharge will continue to flow to Lyons' ditch described above and grant Lyon a pipeline or open ditch license to relocate their pipeline or an open ditch (at the City's option) from the new point of discharge to the Lyons' existing ditch described above which will carry the waste water to Lyons' property. The City agrees to give Lyon the opportunity to pay any extra expense the City might incur in discharging such water in a manner which is of an advantage to Lyon.

10. The parties agree that should it be necessary to file suit to enforce any rights under this agreement that the prevailing party shall be entitled to attorney fees and costs as well as any other remedies allowed at law or equity.

11. This Agreement was approved by the Buhl City Council at its regular meeting held on September 13, 1993.

12. This agreement shall be binding upon the heirs, successors and assigns of the parties hereto.

Nature of Contact office visit

Substance of Communication He was in with his 'evidence of priority' letters. The claims were all filed in his mother and father's names (Russell & Helen Lyon). His dad has passed away and he and his sister own the property now. I gave him a couple of O/C forms and went over the priority pamphlet with him. They are wastewater claims, so affidavits are probably his best bet...

RE: Evidence of Priority

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

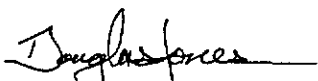

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
