Regarding:

Customer:

47-11786, A47-04235

[illegible]

Potential buyers of the property to which the above claims are appurtenant came into the office to discuss the water rights. They specifically asked about an area of approximately ½ acre that was not currently being irrigated from the surface water right A47-04235. They described this area as being adjacent to the unattached garage and vegetable garden, and wanted to know how it could legally be watered. I told them that they were entitled to irrigate ½ acre of yard with their domestic decreed water right, and that since the lawn was irrigated by surface water, it would not be beyond the intent of 42-111 for them to irrigate this ½ acre of their yard with their house well, as long as their use did not exceed 13,000 gallons per day.
