Drive Ending Today for '48 Primary Vote

(From Page One)

Progressive party had indicated it would nominate candidates for U. S. senate and first district congressman but made no mention of second district congressman.

He also said Phil Tunks, Montpelier, had been Minwegen's publicity director and was a member of the Progressive party nominating committee.

Parties Convene

The progressive party will hold its convention at Lewiston tomorrow to select presidential electors for the Henry A. Wallace-Glen H. Taylor ticket. Norman Thomas, running for the presidency on the socialist ticket for the fifth time, will address the state socialist convention at Boise tomorrow. Another party convention will be held at Nampa by the prohibitionists, who are running Dr. Claude A. Watson, Los Angeles attorney, for President.

Taylor will address the Progressive convention at Lewiston Tuesday night. The Lewiston school board is standing pat on its refusal of facilities at Lewiston high school for the speech.

200 Must Attend

Two hundred qualified electors must attend the conventions to enable the minor parties to win a place on the Idaho ballot for the Nov. 2 general election.

Contests are being held only in the Democratic primary for the two congressional seats. Minwegen is opposed by Asael Lyman, 27-year-old Rexburg real estate dealer, in the second district and former Rep. Compton I. White of Clark Fork is opposed by Burnis B. Brigham, Genesee farmer, in the first congressional district.

3 Incumbent GOPers

The three incumbent Republicans in Idaho's Washington delegation are unopposed in the primary. They are Sen. Henry C. Dworshak, Burley; Rep. Abe Goff, Moscow, and John Sanborn, Hagerman.

Justice Bert H. Miller is the only candidate for the Democratic nomination for U. S. senate. Chief Justice Raymond L. Givens and District Judge James W. Porter, Twin Falls, are unopposed in the non-partisan judiciary ballot for the two state supreme court positions being filled.

Local issues and candidate races in some counties have stirred up considerable local interest in the election.

Wyoming Infant Passes at Filer

Edward R. Sutton, Jr., 6-month-old son of Mr. and Mrs. Edward R. Sutton, Casper, Wyo., died at 1:25 a. m. Monday at the home of his grandfather, W. E. Vincent, Filer.

He came to Filer three weeks ago from Casper with his parents for a visit with relatives. The family is associated with the Grace English Lutheran church of Casper.

Survivors in addition to his parents and grandfather are his paternal grandmother, Mrs. Phillip H. Sutton, Casper, Wyo., and one sister, Miss Kay, 18 months.

Water Pumped From Underground Stream

Water from an underground stream 250 feet below the surface of the C. W. Colner ranch near Hansen is shown above flowing from a new 75-horsepower turbine pump installed Saturday. Men who helped install the pump are pictured left to right inspecting the test flow of water. They are J. B. Wade, Peerless pump engineer; Paul Neumann, Henry Colner, Alfred Carlson, Jack Witherspoon and Emery Gard. Water is flowing from a 16-inch pipe. (Kelker photo-staff engraving)

Big Pump Used in Area Well Tapping Underground Flow

A new 75-horsepower turbine pump, the largest used in Twin Falls county for irrigational use, has been installed at the C. W. Colner ranch northwest of Hansen.

The pump, within eyesight of the Hansen bridge over Snake river, taps water from an underground stream 250 feet below the farmland level.

Water from the stream will be used to supplement water in the canal system on the 600-acre ranch. Water is raised over a 22-foot hill through 700 feet of 16-inch pipe.

The pump was installed by Paul Neuman of the Electric Service

company, Twin Falls. Six men and a crane were used to install the giant turbine on a large concrete foundation.

Water level of the 250-foot well is at 218 feet. A test of the well showed that water kept at the 218-foot level.

Location of the pump is about 500 feet from Snake river canyon. No river water is used.

The underground stream empties into the river. About 1,000 inches of water is estimated to flow from the underground stream out of the canyon wall. Tests of the pump show that little water is taken from the underground waterway.

Estimated cost of the project is about \$6,000. The pump alone cost about \$1,000.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
