RE: Evidence of Priority

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

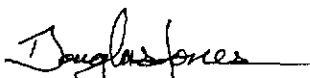

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor

Change of Address

Records Modified 10-20-98

Dear Claimants:

IDWR has been notified the address presently in our records is incorrect. Although we have reached you at the address above, we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water right(s) can be sent only to the address on your water right(s) or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to this office. Make corrections to your name and address if necessary and list any other water rights you may have before returning this letter by October 15, 1998. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

If there has been a change in ownership of the property connected with the water right(s) referenced above, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the water right record.

Sincerely,

County of Twin Falls, Idaho

JUN 24 1992

By _____
Clerk of Court

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

RICHARD A. BEARD and LARRY L.
PAWSON,

Plaintiffs,

vs.

DAVID FUNK and DARRELL FUNK,
Defendants.

Case No. CV 90-01250

AMENDED JUDGMENT

THIS CAUSE having come on regularly for trial before the court sitting without a jury on April 9, 1991, with Gary D. Slette of the firm of Rosholt, Robertson and Tucker appearing as attorney for the plaintiffs, and Roger D. Ling of the firm of Ling, Nielsen and Robinson appearing as attorney for the defendants, and the court having heard the testimony and having examined the proofs offered by the respective parties, and having filed herein its Decision and Order granting defendants' Motion to Amend Findings of Fact and Conclusions of Law and Judgment dated October 28, 1991, and having filed herein its Amended Memorandum Decision as Findings of Fact and Conclusions of Law,

AMENDED JUDGMENT - 1

and having directed that an Amended Judgment be entered in accordance therewith,

NOW, THEREFORE, by reason of said law and findings,

IT IS ORDERED, ADJUDGED AND DECREED, that plaintiffs have appropriated pursuant to License No. 47-2479 with a priority of August 4, 1910, 3.4 cfs of water from springs and seepage collected in that certain drainage ditch located on defendants' property and plaintiff Richard A. Beard has appropriated .46 cfs of water under License 47-4311 with a priority of March 15, 1968 from the same source and collected in the same drainage ditches, which are more particularly described hereafter, which water enters a pipeline approximately 225 feet east of the southwest corner of the NW¼SW¼ of Section 23, Township 11 South, Range 18 East of the Boise Meridian, all of which are on defendants' real property.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, that the water appropriated by the plaintiffs is from those springs, seeps and subsurface drainage collected and flowing in those certain drain ditches located on defendants' real property, commencing at a point where the water in said drain ditches enters a pipeline approximately 225 feet east of the southwest corner of the NW¼SW¼ of Section 23, Township 11 South, Range 18 East of the Boise Meridian; thence east approximately 1,485 feet more or less; thence southeasterly on a meandering line approximately 720 feet; and that certain branch of the said drain ditch which enters the

above drain approximately 990 feet east of the point at which the above drain enters a pipeline; and thence running south along the east boundary of the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 23 for a distance of approximately 660 feet; thence east a distance of approximately 245 feet; thence south a distance of approximately 245 feet to a point where said drain connects with a drain south of and parallel to an existing road which flows from the east in an east to west direction for approximately 1,000 feet to its confluence with the south to north drain, as shown by Exhibit "A" attached hereto and made a part hereof.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, that the defendants and their successors and assigns are permanently enjoined from maintaining or operating that certain irrigation pump and upright tile in which said pump has been installed for the diversion of water flowing in that certain buried tile drain in which subsurface, seepage and spring water is collected and ultimately flows into the above drain ditch at a point approximately 900 feet east of the point where the above-described drain enters the pipeline, which is a part of the subsurface, springs and seepage water appropriated by plaintiffs.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, that the defendants are not prohibited from recapturing subsurface and surface waste water from the irrigation of defendants' real property, to the extent the defendants, their successors or assigns can identify said waste water to be from the irrigation

of defendants' real property, or such other seepage, subsurface or surface waste water arising on defendants' real property in excess of the water collected by the above-described drain ditches and appropriated by plaintiffs.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, by stipulation of the parties, that the following subsurface, seepage, drain or waste water collected by defendants on their real property is not a part of the springs, seepage and subsurface water appropriated by plaintiffs under their respective licenses, to-wit:

(A) Surface waste, subsurface, seepage and drain water collected in that certain south to north drain located in the S½SE½SW¼ of said Section 23 and the NE½NW¼ of Section 26, Township 11 South, Range 18 East of the Boise Meridian, from a point south of the point where the east to west drain along the south side of an existing road intersects the south to north drain as hereinbefore described. Only those surface waste, seepage and drain waters in said south to north drain, south of its confluence with the east to west drain located along the south side of the existing road shall be the water referred to in this subparagraph.

(B) Surface waste, seepage and drain water collected by that certain drain tile located in the NE½NW¼ of said Section 26 above-described, which drains into the south to north drain described in subparagraph (A) above.

(C) Surface waste, seepage and drain water drained by

that certain drain tile located in the NW¼NW¼ of said Section 26.

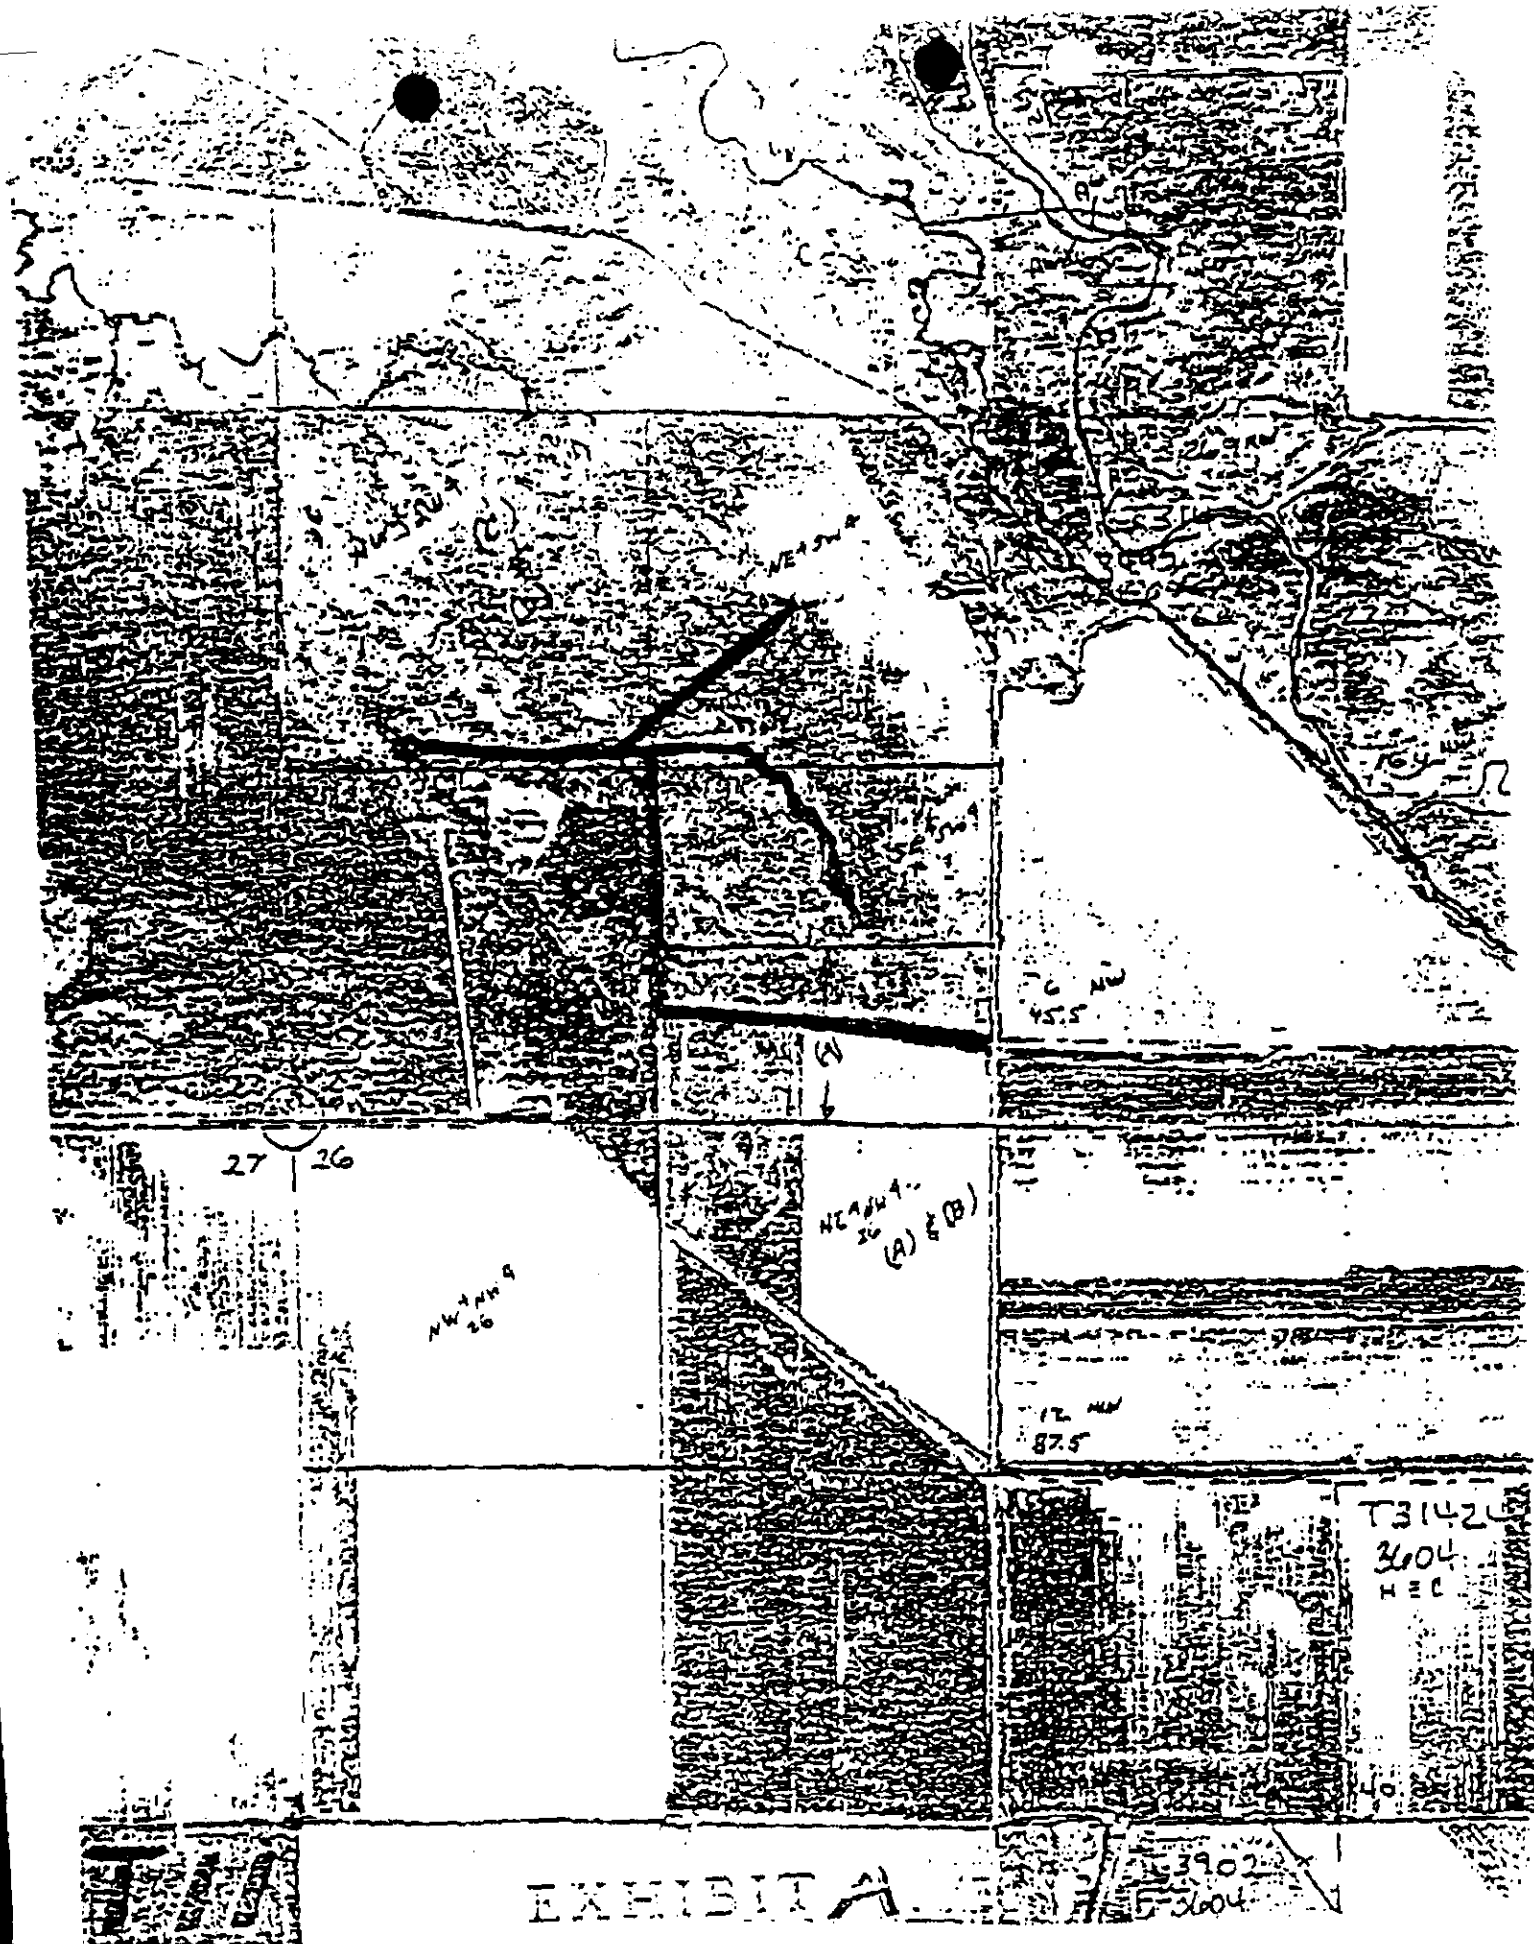

(D) Surface waste, springs and seepage water in the NW¼SW¼ of said Section 23, Save and Except the south 300 feet of said NW¼SW¼. The seepage water included in this subparagraph (D) includes that water now collected by defendants in that certain drain tile located in the NW¼SW¼ and which drains water to the north boundary of the said NW¼SW¼ of said Section 23.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, that defendants shall, within thirty (30) days of the date of the entry of this Amended Judgment, remove the irrigation pump and top section of the upright tile which the defendants have hereby been permanently enjoined from operating and maintaining.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, that plaintiffs shall be entitled to recover from defendants their costs incurred herein in the sum of \$ _____ and attorney fees in the sum of \$ _____

DATED this 24 day of June, 1992.
