RE: OWNERSHIP CHANGE FOR ADJUDICATION CLAIM A47-04445 and A47-13583

Dear Claimant(s):

After our telephone conversation regarding ownership changes to the above claims, I did more research. We have changed 47-04445 as requested.

A47-13583, as you know, is in the name of Orin and Betty Moore. Orin came into the office on February 11, 2000, and indicated that he wanted to keep the above mentioned water right. Without a quitclaim or sales agreement for 47-13583 we will leave the claim in the Moore's name.

I am enclosing a copy of the claim for A47-04445. Please review it and let us know if there are any discrepancies.

Sincerely,

Cheryl Timm

RE: OWNERSHIP CHANGE FOR ADJUDICATION CLAIM A47-04445 and A47-13583

Dear Claimant(s):

After our telephone conversation regarding ownership changes to the above claims, I did some research. We will change 47-04445 as requested. The original owner change form did not include 47-04445 in the list of claims. As for 47-13583, it is in the name of Orin and Betty Moore and we need some sort of proof, such as a deed, that conveys the property to Northwest Commodities & Processing Inc.

I am enclosing a new Ownership Change form for your use and a computer generated profile report of 47-13583.

Sincerely,

Cheryl Timm

Date Received: 12/28/1988
Receipt Number: 8005305

Concerning the General Adjudication of rights to the use of water from the Snake River Basin water system.

To Whom It May Concern:

My grandfather, William Walters homesteaded this land in 1903, and the land still remains in the family.

My grandfather chose this property for the purpose of utilizing the spring water, where others showed no interest in the property because they felt the springs created a nuisance they didn't want to contend with. He moved his sheep operation from Ellensburg, Washington in 1905 and the watered his sheep from the springs. The springs on the property have continually been utilized for livestock and personal uses.

In the 1940's, the canal company drilled wells and dug leach lines to help drain excess water off the property because it was artesian, and had begun to come up in the farm land. One spring was so large the canal company dug a large tunnel into the spring area to relieve it.

Neighboring farmers got water from the streams to water their livestock and fill their cisterns before they drilled their wells.

We have utilized the springs to irrigate crops such as onion seed and carrot seed to save the crops during dry winters. It has been necessary on several occasions to utilize the spring water for crops between Nov. in the fall and March in the spring. We also have used the spring water on a full time basis to water our stock.

A filing for water rights on the water from the springs was filed several years ago.

The property description is Township 9 south, Range 16 east, Section 20, 1/4 of 1/4 SW of 1/4 SE. County of Twin Falls. Tributary To: LS Coulee

My Grandfather sold the land to my father, Ernest Ihler in the 1940's. I took over farming the land in 1973. Upon my fathers death in 1989, my mother became sole owner of the land. In 1992 my son Terry D. Ihler purchased the land through the corporation name of Northwest Commodities and Processing, Inc. of which I am a stockholder.

P.S. First letter was lost by your dept., this is the 2nd letter!

RE: Evidence of Priority

 * RESPONSE DEADLINE *
 * MARCH 15, 1995 *

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

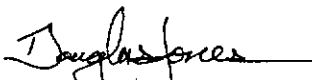

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

 Douglas Jones, P.E.
 Water Rights Supervisor
