Keith Qualls

Dear Keith,

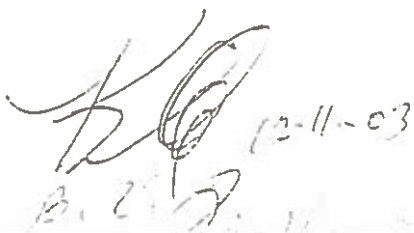

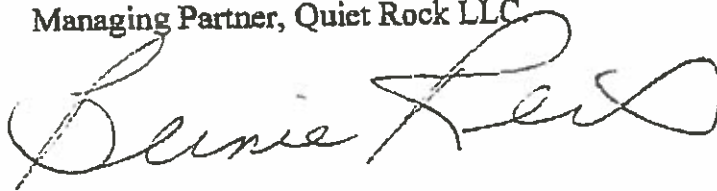

Following is my understanding of the intended division of water and easements on the 10 acres belonging to Quiet Rock LLC.

Grant an easement for ingress and egress and under-ground utilities along the southern boundary 50ft. wide. Any improvements to existing road done by others will be maintained by others.

Divide the water rights to the irrigation well as a percentage of the acreage which pertain to the well, water right #47-4453, 10 acres is 15.4%. Usage to be approx. 1 day each week for our ten acres. Maintenance to be the same percentage. Power costs will be based on usage. Delivery of water to west border of our parcel to be maintained at current location.

Formal execution to be approved by Quiet Rock LLC.
Sincerely

Bernie Reis

- a. This Agreement specifically creates easements for existing irrigation and drainage ditches and other water conveyance systems, and conveys mutual benefits and burdens on the East Parcel and the West Parcel. The conveyance ditch and drainage easements shall be for the use and benefit of the water rights and shares enumerated in Section 3 of the Agreement. The easements include the right to come onto the burdened parcel to observe, clean, maintain, reconstruct or otherwise reasonably use and enjoy the water rights and shares enumerated in Section 3 of the Agreement;
- b. Any relocation or change of the ditches or other conveyance systems, at the expense of the party benefited, shall be permissible only if the change will not cause any material harm to the burdened parcel or its current or prospective uses. Before commencing any such changes, the burdened parcel owners shall be provided with plans specifically describing the nature, extent, purpose, and location of the proposed changes. No work shall commence until the burdened parcel owners have had reasonable opportunity to review such plans and proposals, and propose reasonable alternative solutions

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995
page 2

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
