RE: A47-04464

Carl Henry Blass being first duly sworn, deposes and says:

I was born one half mile from this property on May 27, 1931, on a farm my parents owned. I was raised in this area and worked on my fathers farm and traded work with neighbors.

In 1932, I worked for Williamson, where this water was used from approximately the first of April thru October. I did this for 2 years. I later bought my parents farm, and I continued to trade work with Williamson.

The water, at that time, was brought in through an open ditch from the coulee and the water was used to irrigate row crop and some pasture. This open ditch was later tiled underground in the early 50's. In 1985, my son, rented this farm and I was able to instruct him on the best methods for tillage, crop rotation and irrigation practice from this water supply.

The water was still being diverted from this coulee and continued to be used for crop irrigation when I retired from farming in the mid 80's.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided by the claimant supporting the priority date claimed.**

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

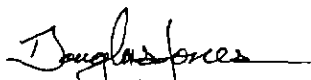

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
