INTEROFFICE MEMORANDUM

TO: TRANSFER FILE NO. 5240
FROM: KELLY K CHRISTENSEN
SUBJECT: ADJUDICATION REVIEW OF TRANSFER
DATE: 12/23/98

As the place of use has been 'set' by the previous transfer I am accepting that place of use and acre limitation as valid as set forth by Corey and Allen.

The only additional element that has been missed was the priority date for 47-04477. The claimed priority date was 04-15-1954. An affidavit for this right submitted by Tom Williams states that the system was first put to beneficial use at the beginning of the irrigation season in 1960. Therefore, I recommend that the transfer be approved with the priority date being advanced to 04-15-1960. A copy of the affidavit is attached.

The claimed priority date for 47-04478 is supported by evidence and therefore does not require correction. No attachments for evidence of priority date has been attached but the information is available in the adjudication file.

I recommend the transfer be approved with the one change.

Thomas A Williams

being first duly sworn,

deposes and says:

This well located on USFS property
was drilled in 1959 in the spring of 1960
we began pumping the well. The well
pumps about 5.25 CFS and we have pumped
it nearly every year since it was drilled
some years for only 60 days. However
now as the government phases out the
grain programs it will become necessary
to pump the well more.

RE: Evidence of Priority

Dear Claimant:

* RESPONSE DEADLINE *
* MARCH 15, 1995 *

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will, at a later date, conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to the department. If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with the Department in order to receive future mailings and to continue to be a party in the adjudication.

Please find enclosed a computer printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a

January 10, 1995

notarized affidavit.

Please submit the required evidence supporting the priority date by March 15, 1995, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Sincerely,

Douglas Jones, P.E.
Water Rights Supervisor
