Re: Claim 47-4519

Dear Mr. & Mrs. Parrott:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please note that the filing of this claim does not relieve you of the requirement of filing an adjudication claim in the Snake River Basin Adjudication currently underway. Twin Falls County will be sent notice to file adjudication claims in September of this year. After you receive notice you will need to respond within 60 days. If you have any questions, please contact our office. We are enclosing a copy of your claim for your records.

Very truly yours,

Allen Merritt, P.E.
Water Resources Engineer

AFFIDAVIT OF C. HASKELL YADON

STATE OF IDAHO)

 County of Canyon)

C. HASKELL YADON, Being first duly sworn on oath,
 deposes and says:

That he presently resides at 822 North Georgia Street,
 Caldwell, Idaho 83605 and is 75 years of age and of sound mind.

That though I did not permanently live with my father
 and mother, Frank E. and Harriet Yadon, I did frequently visit,
 temporarily reside with, and assist with activities on their
 real property, between the time they purchased it in 1934 and
 the death of my father in November 1959, and subsequently with
 my brother Emmett Yadon, until he moved from the property in the
 1960's, said real property more particularly described as follows:

That part of the East Half of the Northwest Quarter
 of Section 7, Township 11 South, Range 18 East of the
 Boise Meridian, which lies in Rock Creek Canyon, from
 rimrock to rimrock, with no water rights, in Twin Falls
 County, Idaho.

That I observed farm animals, horses, milkcows, beef
 cattle, pigs, ducks and geese that belonged to my father utilize
 the pasture land on the aforementioned real property. That his
 land extended to the fence lines and was utilized for pasture and
 it was common knowledge by neighbors that ground inside the fences
 to be Yadon property.

AFFIDAVIT OF C. HASKELL YADON P - 1

POOR ORIGINAL

That I am now more discussing with my father the occasion when Mr. Keegan, a property owner to the Southeast and adjoining to the property, did have an existing fence one Sunday morning while my father was at church, confiscating approximately three acres of ground. At that time my father protested the incident to Mr. Keegan and reported it to the Twin Falls County Sheriff's Office. The Sheriff's Office took no action to have the fence relocated back to its original position. The matter was not pursued through the courts due to the costs involved and the ground was not physically reclaimed at that time due to the risk of personal injury to both parties involved, however the ground confiscated by Mr. Keegan continued in fact to belong to my father regardless of relocation of that fence.

That evidence of the original fence locations still exist today as I knew them from 1954 to the 1960's, and have walked the fence lines on two occasions within the last three years, and I have outlined them on the Enlarged Portion of Aerial Photo YR 30 130A as provided by the United States Department of Agriculture at Exhibit A and further specifically located by Survey at Exhibit B. Significant locations are identified by number, counter-clockwise 1 through 17.

SUBJECT: FILED NEW CLAIM

phone call (.) walk-in (X)

He came in to check on his claims, particularly this one, to see if everything had been filed on. When I queried AJ5, nothing came up so we decided he needed to file on this one (his domestic and stock claims - A47-13003 and A47-13004 seemed okay.) He said he remembered working with someone years ago who helped him determine the number of irrigated acres from a map and also submitting some old photos for Evidence of Priority. He was going to check his records and I told him I would check our micro-fische to see if I could find anything. In the meantime, he could fill out a Request for Extension of Time to possibly get his late fees waived. Gave him a pamphlet to help explain what we needed for Evidence of Priority in case we find nothing here.

July 11, 1995

He called this morning and said he had found some paperwork and I confirmed that I had found the same in our micro-fische, copies of a Statutory claim and that he had indeed paid \$200.00. There were also copies of an affidavit and some old photos which I copied for this file. I explained that what happened was that he was the last person in this region to file a statutory claim the old way, right before we started taking Adjudication claims. We still needed to file in the SRBA but I told him I had sent a refund request to Boise asking that he at least get his late fees back due to the circumstances. I also told him the copies of the old photos in the micro-fische were not the best and if he could find the originals, it would probably help to bring them in so we could get better copies and that if he came across anything else that would help prove the priority date claimed, to bring that in too...
