Memo to file 47-52, 47-14095, 47-14096

from: Trish Fawcett

Marc Brackett came into the office on 6/26/01 and wanted to amend claim 47-2394 to more accurately reflect the license on which the claim is based. He was routed to Jeanie Robertson. Jeanie could not amend the claim as it was still in the name of C E Brackett Cattle Company. Jeanie came to me and inquired about a change of ownership that was submitted by Marc Brackett in May 1999 requesting the name on the claims be changed to Antelope Springs Ranch on claims 47-52, 47-2394, 47-14095, 47-14096 and 47-14099. I had the change request form, and I explained to Marc why the change had not been completed. On the three claims above there were several acres claimed (circled in pencil on the attached profile reports) that are on BLM ground and several acres not conveyed in the deed that are under private ownership. He looked at the deed and said one quarter-quarter had been omitted as the ground under private ownership was indeed owned by Antelope Springs Ranch. He said he would obtain a corrected warranty deed and that he was aware of irrigation on BLM ground and would correct that when the adjudication began reviewing basin 47. I changed the ownership on the claims with the understanding that Marc was aware of the discrepancies and would correct them when review of basin 47 claims began.

Note: There were no problems with changing the ownership on claims 47-2394 and 47-14099.

Enclosed are the forms and information need for a transfer of ownership of water rights. Due to the area these rights are in I had some difficulty obtaining the required photos, the Jarbidge Resource Area BLM fortunately had some of them. If you have any difficulty sorting out the areas in question I would be willing to assist. I have several maps of the area that are complete with section lines and corners, in addition these maps show fences, roads, and other landmarks that could be transposed on to the arial photos.

Sincerely,

Marc Brackett

He was referred by the SRBA court to see me ... we discussed the claims process to get the partial decree. Searched the database and found the claims A47-00052, -02394, -14095, -14096, -14099. Compared these with claims filed in the same areas by BLM and found only instream uses filed and recommended. We discussed the need to file on D&S claims and I explained he could claim those uses at a later date if needed.
