HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For Domestic purposes from Jan 1 to Dec 31 amount .04 or 1.2

For Stockwater purposes from Jan 1 to Dec 31 amount .02 or 7

For Irrigation purposes from March 15 to Nov 15 amount .10 or 20

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) ~~1.2~~ .12 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses; describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) D-household Stockwater 10 horses 25 calves

10. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

MICROFILMED

MAR 11 1993

Last Name _____ Ident No. _____

Copies: White -State, Yellow-Claimant

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

SUBJECT: QUESTIONS ON WATER RIGHTS??
phone call (.) walk-in (X)

The property is for sale and we could only find one claim under the name of DALE KRUMM (A47-12873 for wastewater). He knew there was a well and a home and that they irrigated several acres. We did a P/U query and found A47-07352 was appurtenant to the same property but was apparently never changed when KRUMM bought the property from EDWARD THOMPSON. Gave him profile reports for each and a Change of Ownership form...

CHRISTY CARMICHAEL A47-07352, A47-12873

SUBJECT: ?? QUESTIONS ON WATER RIGHTS FOR THIS PROPERTY ??

phone call (X) walk-in (.)

Said she is contemplating purchase of this property and had some questions on the water rights, as she is relatively new to the area. Told her there is the licensed claim (A47-07352) which never was changed from Thompson to Krumm, and the beneficial use /wastewater claim (A47-12873) which still needed evidence of priority submitted. Gave her an ownership change form, a copy of the letter requesting E/P and our pamphlet, and the 3/14/95 note from Steve about who to talk to. She intended to contact the TFCC to see if it was possible to buy shares for this property also...

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

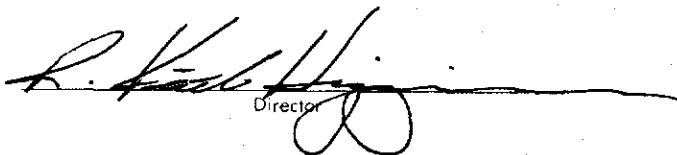

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 47-7352, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before January 1, 1978.
- c. Other: _____

2. Denial of said application is for the following reasons: _____

Witness my hand this 27 day of December, 1976.

Place of Use

Other

None X

MEASUREMENT CALCULATION:

Measured 38-40 psi in 11 nozzles w/ 5/32" nozzles = about 50 gpm or 0.11 cfs *operating capacity*
Standard domestic rate = 0.04 cfs ☒ Allow 0.02 cfs/acre X 5 = 0.10 cfs
Volume: 5ac X 4.0 AF/Ac/Ann irrig req = 20.0 AF/Annum 10 X 1.9635 X 245 = 48.6
Standard domestic volume = 1.2 AF/Annum
Total Q = 0.12 cfs system capacity. Volume = 20.0 + 1.2 = 21.2 AF/Annum

SYSTEM DESCRIPTION:

Well, Monitor submersible pump, control valve w/55 gpm maximum capacity, direct line to hand-line sprinkler system, line to home system.

55 gpm ÷ 48.6 = .12 cfs full capacity

REMARKS:

Eleven sprinkler heads were in operation during exam, although Mr. Thompson stated that 12 heads are sometimes used. Mr. Thompson stated that the system would not pump over 55 gpm (0.12 cfs) due to flow regulator at well. Mrs. Thompson was present during field exam.

Overlap Review on Back →

Overlap Review for 47-7352

47-4050 > Waste Water source

47-7308

47-7310 - unnamed ditch source

47-7476 P/D same tract different well

P/U 3 acres in NESE T11S R18E

$$\frac{.06 cfs}{3 ac} = .02 cfs/ac$$

Since the only right with the same kind of source is 47-7476, and it only covers 3 acres we can assume that there is no overlap conflict with 47-7352. JH 2/26/1981
