Dear Mr. Easterday:

This letter is to advise you that payment on the water right referenced above has not been received from LaRay and Janet Easterday as directed in the certified letter they received February 19, 1991. You may want to pay the fees for this claim.

Rather than returning the claim, the record of the claim will go into a rejected status and remain in that category until payment is received. The account will continue to accrue interest, and any fees will not be returned whether the claim is investigated or not.

This will be your only notice until such time as the findings of the Director are included in his report to the Court of the water right claims in that area. Without further payment on the claim fee account, the findings of the claim will be that the claim was rejected for insufficient fees.

RE: OWNERSHIP CHANGE FOR CLAIM A47-07615 FILED IN THE SRBA BY
EASTERDAY SUBJECT TO AGREEMENT SIGNED WITH DRISCOLL.

Dear Brock:

As the Agreement between yourself and Easterday states the ownership change will be completed as part of the final approval of the pending transfer based, in part, on A47-07615. The other water right in the Agreement, A47-07618, was changed into your name based on the Ownership Change form you turned in to this office last July 25, 1996 signed by both parties in the Agreement.

I have been keeping my office partner Georgia Satterlee who has worked on the transfer involved with your claims changes. The transfer has been completed by her and was sent to the state office in Boise for review. The Boise office will make their decision and if they approve the application A47-07615 as well as A47-07618 will be changed.

The ownership of A47-07615 will be changed into the partnership name at that time. I will schedule a review of A47-07615 on my calender at three-month intervals if I don't have word before each review date. Georgia Satterlee will keep me informed of any contacts she gets from the state office about the transfer.

I hope that this is a clear description of the bureaucratic back and forth. We seem to be falling behind a little more each time we contact you but this is the latest information on A47-07615 still in the name of Easterday pending the transfer approval.

Best Wishes,

Francis G. Hitchcock

RE: ASSIGNED WATER RIGHT FROM MARSHALL, THOMAS AND GIUFFRE'
47-0774 (SIC) AS OF 06-05-1996.

Dear Brock:

I have finally gotten to your file again as promised. As I told you last year I would research the incorrectly identified water right from the assignment to see if I could locate it in our records.

Please note the correct number as 47-07774. I enclose a copy of the file that is here in Twin Falls. I also enclose the only other document in the file at the state vault in the Boise office. When I found the records I called the legal assistant at Mr Robertson's office to let her know and have mailed her a copy of the application and the letter for their records.

As this number is one of the water right numbers listed on your Notice of Change of Water Right Ownership filed 11-06-1996 we will now go ahead with making the change in our records to include this corrected right number. I enclose a copy of the form for your records.

I will now begin the review of the status of all the water rights that you have identified to us and forward to you an accounting for your inspection. As mentioned before, time is a problem here and I have the best of intentions. If you have questions please call me at your convenience or contact me by facsimile with a cover sheet. Best wishes.

Sincerely Yours,

Francis G. Hitchcock

EASTERDAY WATER RIGHTS PER

THIS IS A FOLLOW-UP TO THE 01-13-1997 JOURNAL ENTRY AS A RESULT OF A PHONE CALL FROM BURKE DRISCOLL ABOUT THE STATUS OF OWNERSHIP CHANGES AS A RESULT OF RECENT PROPERTY CLOSINGS.

I NEVER RECIEVED THE PROMISED FAX OF THE AGREEMENT THAT WOULD DOCUMENT THE TRANSACTION. FAX WAS TO HAVE BEEN SENT THE AFTERNOON OF THE PHONE CONVERSATION. I HAD SAID THAT I WOULD RESPOND WITH THE STATUS OF THE CHANGE OF OWNERSHIP WHEN THE FAX CAME IN.

ON 01-15-1997, BURKE DRISCOLL WAS IN AT 1:45 PM INQUIRING ABOUT THE STATUS OF HIS FAX/OWNERSHIP CHANGE(S). I EXPLAINED ABOUT NO FAX AND HE SAID THAT HE HAD SENT IT TIMELY AFTER OUR CONVERSATION. MARY BALDWIN HEARD THE CONVERSATION AND PRODUCED THE FAX WHICH HAD COME IN W/O A BANNER SHEET.

I TOLD BURKE THAT I WOULD REVIEW THE AGREEMENT FOR THE LANGUAGE AND LET HIM KNOW HOW IT AFFECTED THE OWNERSHIP CHANGE(S).

I COULDN'T GET TO THE PAPERWORK UNTIL THIS MORNING. AFTER READING THE LANGUAGE I CHECKED WITH ALLEN MERRIT AND GAVE HIM MY OPINION OF THE AGREEMENT. WE HAVE TO HOLD THE CHANGE OF OWNERSHIP UNTIL THE REQUEST FOR TRANSFER IS APPROVED AND THE PLACE OF USE CHANGE IS IN PLACE.

IN ORDER TO BE CERTAIN I CALLED CHARLEY HONSIGER AND HE AGREE^D WITH MY INTERPRETATION OF THE LANGUAGE. I THEN CALLED SHARON STRICKLAND OF THE ROSHOLT ROBERTSON TUCKER FIRM WHO PREPARED THE AGREEMENT AND

EXPLAINED TO HER. SHE ASKED ME TO REVIEW IT WITH J. EVAN ROBERTSON WHO DRAFTED THE AGREEMENT. HE AND I WENT THROUGH THE LANGUAGE AND HE AGREED THAT WE WOULD COMPLETE THE CHANGEOVER UPON RECEIPT OF THE APPROVED TRANSFER AND THAT I COULD CONTACT BURKE TO THAT EFFECT.

I WILL PULL THE CLAIM FILES THIS AFTERNOON AND REVIEW EACH WATER RIGHT BEFORE CALLING BURKE DRISCOLL.

phone call (X) walk-in (.)

I talked to Cindy Zimmerman. She has not reviewed the file for said water right permit. I updated her on what Shelley Keen informed me on. She agrees with Shelley's target date of 31 July. We discussed Mr. Wright's desire to transfer 47-07615 and 47-07618 all in his name (although Mr. Wright says the name won't be Wright). Cindy suggested to let Mr. Wright know that an Assignment of Permit (to change names) would be \$25.00 and less hoops to jump than changing the name once the permit is a license.

4:00 pm Called Mr. Wright and left a message @ 420-3340. Informed him of the Assignment of Permit & update on the status of 47-07615.

4:20 pm Called Mrs. Easterday. Said the same thing to her as the message I left for Mr. Dale Wright.

Georgia,

On Friday I pulled the file for 47-07615. There appear to be some complex issues involved. Therefore, I predict that it will take a little while to complete our review and issue a license. My target date is July 31. Cindy Zimmerman will be conducting the initial licensing review. If you want to discuss the contents of the file, please contact Cindy.

Called Sharla Curtis to get an update on #47-07615. Sharla says Cindy is focusing on licenses for Southern Region. Cindy wasn't there and Shelley Keen helped me. He is going to pull the file and see what hoops would be needed to be jumped to get the permit licensed. Shelley said I will be contacted by E-Mail on Monday to get updated information.

As of 1:30 pm today, Sharla Curtis had not looked over the status of #47-07615. I felt it unnecessary to meet with the parties until the information is clear on the status of #47-07615. I called the parties involved to cancel the appointment. I contacted Mrs. Easterday and explained the situation. I said I would inform her when there was clarification.

I tried calling Mr. Wright at the different phone numbers (see 18 June) and finally left a message on the machine at his home. He showed up promptly at 2:00 pm. I updated him on the situation. He said, "If it will be a hassle to get the permit licensed, then they choose the process that they utilized in the past (amendment of the permit and transfer of the license)".

I told him I would find out the status and options and contact them. He asked if I could have this information by the first of next week. All I can do is my best.

Lorene and Lenard Easterday with Mr. Dale Wright came in to begin a transfer regarding water right numbers #47-07615 and #47-07618. They want to change the place of use and change the name. There was an amendment for #47-07615 and transfer, T#3904, for #47-07618 was implemented 24 Jan 1994 (changed only the place of use on a temporary basis). The period of authorization under the amendment and transfer ended on 01 November 1995.

Before proceeding with a transfer, I have questions because although #47-07618 is licensed, #47-07615 is still a permit even though an exam for #47-07615 was done in July 1987 and the information was sent to State Office September 1987. I would like to find out why #47-07615 wasn't licensed.

The Easterdays and Mr. Wright will come back 19 June at 2:00 to conclude this matter.

Doug Jones called Sharla Curtis to see what the status is regarding the implementation of a license for #47-07615.

RE: Inspection of Ken Marshall Well - Permit #47-7565
and Easterday well - Permits #47-7614, 47-7615, 47-7616, 47-7617,
47-7618

Date of Inspection: February 26, 1981

The Ken Marshall well is being drilled by Elsing Drilling with a cable tool rig in the Salmon Falls Creek Canyon just downstream from the Balanced Rock crossing. When inspected by Allen and I, the rig was being operated by Ray Gramer. He reported the well depth as 350 feet, drilling in hard, gray rhyolite and obtaining no water.

The well has a 26" casing down to 30 feet. A 20" casing is grouted inside this from the surface down to a depth of 90 feet. The well is 20" open hole from 90 to 200 f and 12 inch open hole from 200 feet to the bottom.

The operator says artesian water was encountered in the first 90 feet of hole, and this has been sealed out except for a small amount of leakage. Two 3/4 inch pipes have been grouted into the annular space between the 26" and 20" casings to tap some of the artesian flow for possible domestic use. The combined flow of the two taps and the leakage out of the well is no more than 20 gpm.

Gramer said he thought the leakage could be sealed off with additional grout after the well is completed.

We also inspected a well being drilled for La Ray Easterday under Permits # 47-7615, 16, 17, 18, in the SWSE, Sec. 2 T10S, R13E. The well is being drilled by Elsing Drilling with a rotary rig.

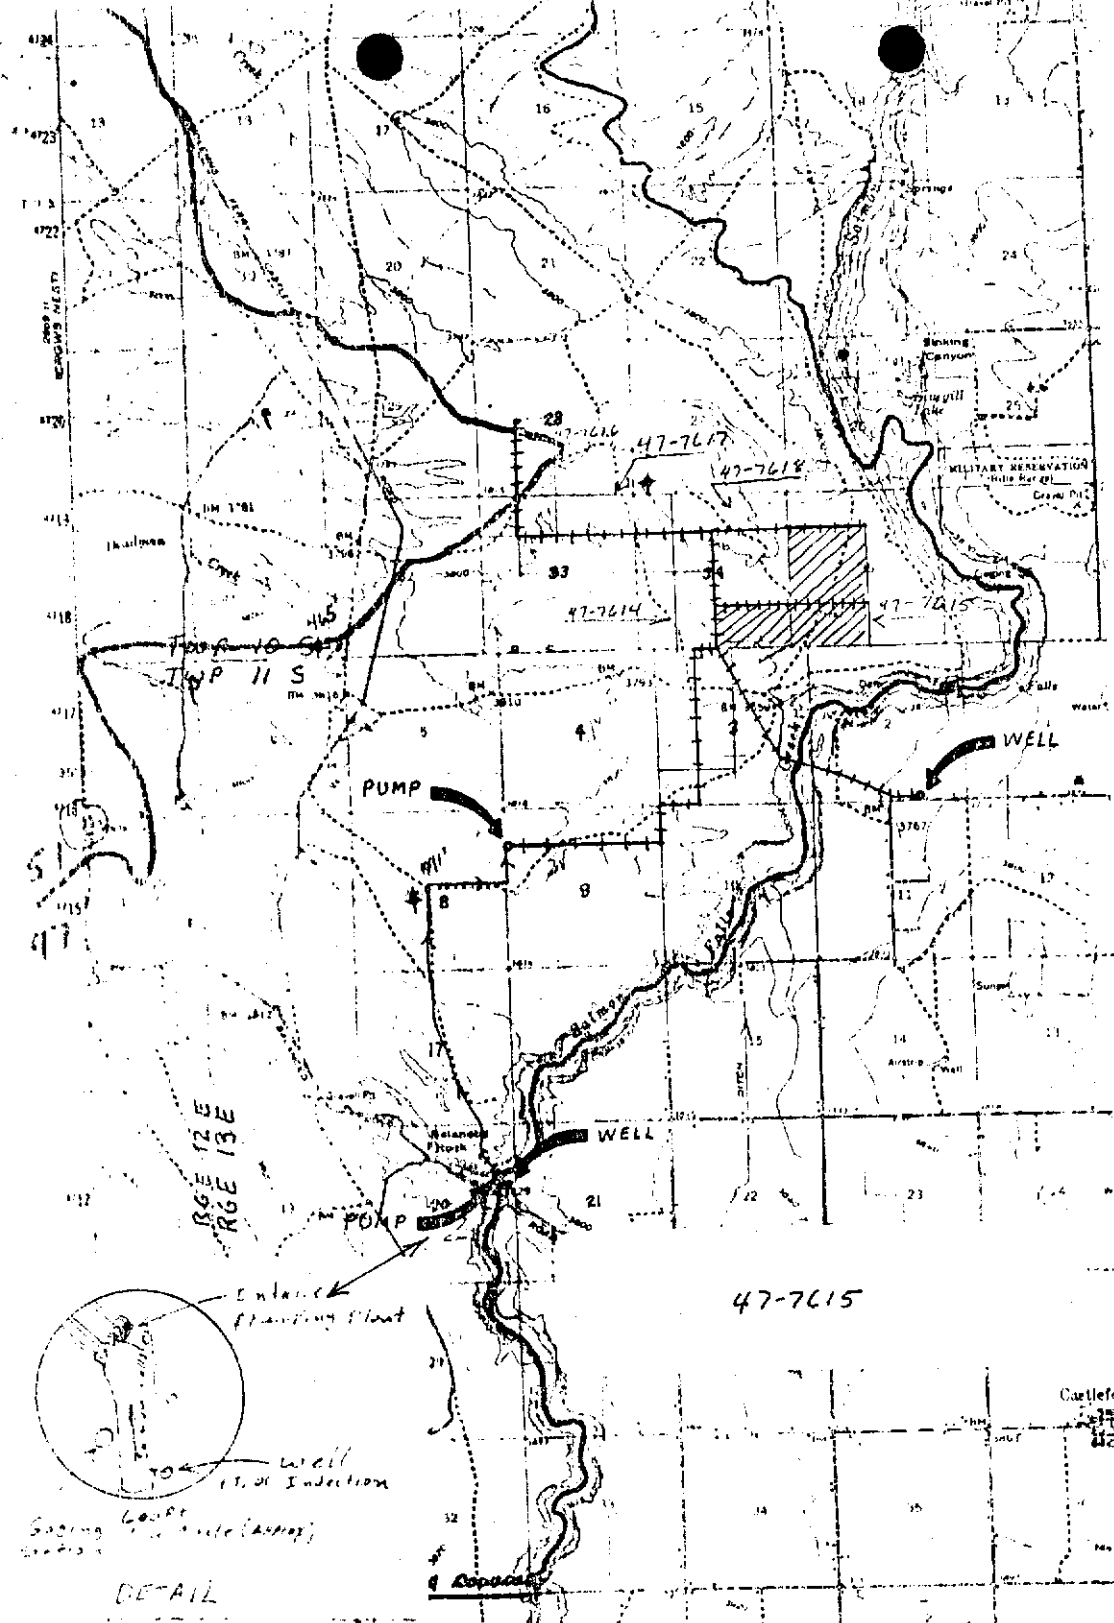

The driller reported the depth as 725 feet, drilling in gray rhyolite.

The well has 512 feet of 12" casing installed. The operator said that only 125 gpm of water had been encountered and that this was cased out. He is currently drilling in a dry hole.

Both the Marshall and Easterday wells have hole bottom elevations of less than 3100 feet and therefore any water now encountered can be appropriated under the permits.
