RE:

Field Verification of System.

NAME OF PARTY:

This claim is for a P/D out of Basin 75 but injected in to Morgan Creek & subsequently used on the P/D in Basin 72.

I have completed the field work for this right and the overlapping rights and have completed the Verified Report.

As every thing is basically on hold as of this date because of the Presumption Statutes Challenge I am just sitting on this file at this time. I thought that I would hold my field report until we get direction to file Basin 72 claims with the Court. The recommendation may have to be modified if we receive new guidelines.

If you want the report for your file now I will send it to you. Otherwise I'll hold it with the rest of Vert Jones's claims.
