Enclosed please find copies of affidavits from Mr J.W. Clements who leased the land from an owner Mr Meeks, deceased & Mr Howard Hemphill the owner ~~previous~~ prior to Shannon Edwards.

I have also enclosed the original affidavits from Mr Clements & Mr Hemphill would you please see that they are given to the proper person to be included with our priority date information.

I am not aware of any further information at this time that I will have to send. Also I would still like to have copies of the information that you have received from Mr Fronstad & on his behalf, if possible, please send this to our home address.

We will try to contact you or the Boise office the end of the week to see what recommendation has been made.

Thanks for your help.

Referring to the Irrigation Ditch at the Royal Elk Ranch that feeds from the North fork to about the middle of the Ranch, we had water in it during 1977 and 1978. 1977 we had a pump to irrigate with hoses and 1978 were able to run some water into the meadow. we had to rebuild the diversion area in the north fork and repair the ditch. State Creek water was used from 1979-1985.

Dear Mr. Carlson:

In reference to H.E.S. 94 we are herein complying with "Evidence of Priority" on Notices of Claim A75-04418 and A75-04417. (Legal description Attached)

Attached is evidence from Abstract of Title that John B. Achord Patented H.E.S. # 94 July 28, 1916. It is our belief that John B. Achord patented the land after he had proved up on it as a farm and diverted water from the North Fork of the Salmon River and from State Creek as early as the summer of 1908; but that the works were not completed until Nov. 13, 1908.

The first written evidence we found that John B. Achord irrigated and ran the property as a ranch is in the attached Probate Letter dated Dec. 1922 after Mr. Achord deceased. The property was referred to as a ranch with cattle, horses, and other barnyard animals. (See sheets # 7 and 14) Sheet # 10 of the legal description refers to Water Rights and Ditch Rights.

Sheets # 15 & 16 describe a Deed of Right-of-Way given the State of Idaho to improve the highway wherein it was provided that the highway dept. shall place culverts across said right of way to take care of the irrigation water. That irrigation water of course would have come from State Creek which is located across and to the East side of the highway from H.E.S. 94.

To further evidence the date of priority and where irrigation water was extracted from we respectfully submit the attached letter and affidavit of a long-time resident, Mr. Harold Hansen, whom worked on the Achord Ranch for that same family as a youth and whom currently still lives on the North Fork of the Salmon River just 9 miles south of H.E.S. # 94.

Dear Mr. and Mrs. Hansen:

Enclosed are the cover pages and pages 2/3 from Volume # 2 of the Centennial History of Lemhi County, Idaho.

The cover pages document where and fromwhom the information comes.

Pages 2 and 3 give the technical information you are looking for concerning John B. Achord.

In the year 1898 John B. Achord settled on the property you now own. Although he was a miner he ranched the property and raised his family there. By 1908 he was diverting water onto the fields and raised cattle. By 1916 he Patented the land which was known as H.E.S. # 94.

The picture on page 3 was taken on the ranch.

When the Achords had range rights on Granite and Anderson Mountains they kept as many as 300 beef cattle on the ranch, only during the summer months. Of course not all those cattle were wintered there.

Feel free to use this letter in any manner that might help in documenting your ownership of water.

Sincerely Yours,

Cary Cook

children were born: Muriel, April 26, 1919; Gilbert, January 5, 1921; Vernon, September 22, 1927; Berkley, June 3, 1930.

Carl started shearing sheep when he was twenty-seven, and over the years became one of the fastest and best at this most strenuous job of all skilled labor. His shearing career lasted from March through June for the next forty years. Carl and Lola bought a farm north of Jerome in 1928. When harvest time came, there was a nice crop of wheat. The year before wheat had sold for one dollar twenty a bushel, but this year had dropped to ten cents and was not enough to pay for the seed. In spite of this financial setback they had all of their children take music lessons.

Each year when Carl returned from shearing in Montana, he drove from Wisdom to Gibbonsville and on through Salmon. He liked the Salmon River country and decided he wanted to live there. So, in 1944, they sold their home in Jerome and bought a ranch on Fourth of July Creek. Their youngest son, Berk went to high school for four years and Vernon finished his senior year in Salmon.

Carl and Lola joined the Carmen Grange and enjoyed their many friends. Lola wrote poetry, and for one Grange program wrote a long poem about the masters of the Carmen Grange titled, *The Worthy Masterpiece*. When they sold their ranch, they lived for a few years in Leadore, then returned to Salmon where Carl built a brick house north of Salmon. Carl passed away August 3, 1983, and Lola on November 17, 1985.

Muriel, a retired teacher lives in Junction City, Oregon. Gilbert worked as a welder for the Hanford Nuclear Plant in Washington and lives in Kennewick. Vernon lives in Carson City Nevada, and for years was a musician in Harrah's Club at Lake Tahoe. He now has a water purification business. Berk lives in Monument, Colorado and has been with Allstate Insurance for years. After retirement, he started his own insurance business.

John and Jennie Stinson Achord

John B. Achord was born in Illinois in March of 1864. Jennie Stinson was born November 13, 1870, to Sam and Eliza Stinson, who lived in Clay County, Iowa. In 1898, John and Jennie Stinson Achord came to Gibbonsville, on the North Fork of the Salmon River. They had five children: Otto, Oscar, Maude, Cecile, and Thaddeus.

John was a mining man, at one time owning and operating the Eureka, Aetna, and Cecil lodes, and the Anderson mill site on Lick Creek. He sold out for four thousand dollars in August of 1910.

When the road was being built up Dahlonega Creek and over into the Big Hole to Wisdom, Montana, John thought that the route up Moose Creek and over Lost Trail Pass would be a better way. However, that road came much later and John did not live to see it happen.

Otto worked on the construction of the Dahlonega Creek-Big Hole road. He is later listed in the 1910 census as a twenty-two year old gold miner at Leesburg, born in Kansas in August of 1888. He also helped build the Fourth- of-July tunnel out of Coeur d'Alene to Kellogg, which has since been filled in. He later went to Seaside, Oregon, and it was there that he died in 1942. Otto was married and had at least one child.

Oscar left Gibbonsville to work as a hoist-operator for the Hecla and Star mines at Burke, Idaho for several years. He was the father of two sons and two daughters. Maude married William (Bill) Gallagher and moved to Salmon. They had two sons and two daughters. Cecile married Jasper (Jack) Lyne and they lived in Salmon, with son Howard and two daughters, Clio, who married Everett Smith, and Deloris (Tommy) married Mr. Nolan. Cecile's second husband was Ray Wood, who was a carpenter by profession.

Thaddeus was born to John and Jennie at Gibbonsville on August 21, 1905. When his father died in December of 1922, after a long illness, Thad stayed on the ranch and helped his mother. Jennie Stinson Achord died at a Salmon Hospital in January of 1954. She was eighty-four years old and had finished out her life at the Gibbonsville ranch on the North Fork of the Salmon River.

Thaddeus and Vivian Pine Achord

Thaddeus Achord was born to John and Jennie Stinson Achord at Gibbonsville, August 21, 1905, the youngest of five children. When he was only seventeen years of age, his father died of a long illness and Thad stayed with his mother and helped her take care of the ranch.

Vivian Pine was born June 19, 1906, in Cripple Creek, Colorado, the daughter of Charles and Catherine Pine. She came to Gibbonsville to teach school. Here she met Thad Achord and they were married in Salmon, May 31, 1930. She also taught school in Salmon for two years, and served as a substitute teacher when needed.

Numerous cattle thefts in the twenties and thirties made it desirable to form the North Fork Cattle Association, and Thad was voted in as secretary in March, 1939. He also served as assistant registrar at Gibbonsville in 1940.

FRONT ROW: John, Clint, and Audrey Achord MIDDLE ROW: Thad and Vivian Pine Achord, Mrs. Stone and child BACK ROW: Oscar Achord, Ray and Cecile A. Wood, Jennie Achord, Maude A Gallagher

Three children were born to Thad and Vivian: Audrey, John, and Clinton. Audrey was born January 27, 1940, at Salmon. She married Dillard Fickle and they had three children: Gary, Annette, and Pamela. She died November 30, 1988, in Spokane, Washington.

John was born December 5, 1941, in Salmon, the first child to be born in Mrs. Gordon Neal's maternity home, which was situated in the Spahn residence on Main Street. John married Ciri Hansen and their children are Lanaya, Jolene, and Troy. They reside in Hermiston, Oregon and John's veterinary clinic is just over the state line, in Richland, Washington. Clinton was born June 22, 1944, also in Salmon. He married Blanche Conray and two boys, Dean and Thad were born to them. Clint adopted Blanche's daughter, Debbie. Clint works for the Bonneville Power Administration and lives in Idaho Falls, Idaho.

The Achords usually kept about three hundred beef cattle on the ranch, pasturing them out on Granite Mountain and Anderson Mountain during the summer months. The Rocking A brand that Thad and his father both used is now used by son Clint.

The Achords also milked twenty-two cows and sold the cream, which was picked up by the milk-truck and delivered to the creamery in Salmon. Young calves purchased in Hamilton were fed the left-over milk and later sold in Salmon.

Clint remembers what a task it was to milk any range cows who had lost their calves, and how much he hated doing it. All four feet sometimes had to be securely tied, and even then the milk was occasionally spilled. Those cows were fighters, he said! A few sheep were also kept on the ranch John and Clint once spotted a cougar in the hayloft and frightened it away. Was it interested in those sheep?

A great number of the beaver-slide derricks used in this area and in the Big Hole were built by Thad Achord. Some of them are still in use. The power lines were never extended to the ranch, but for a time a small light plant generated enough electricity for lighting.

Thad hauled the Drnjevic kids and his own to school for years. When conditions were favorable in the wintertime, the kids could coast nearly all the way to school on their sleighs, and Thad would bring them home afterwards. At times, they had to carry the sleds over the snowslides that blocked the road. A favorite winter sport was riding a pair of skis that were being pulled by a horse.

Vivian Pine Achord died February 12, 1952, at Fruitland. In about 1956, Thad moved his family to Post Falls, saying that he would like the warmer climate and a school that was not forty miles away. He died there August 9, 1963. Both he and Vivian are buried at Gibbonsville.

Bob and Opal Adams

Bob Adams and Opal Whittaker were married on January 25, 1941 in Salmon, Idaho. Following their marriage, they lived on a ranch at Cottom Lane until March of 1943 when they moved to what is now known as the Leadore Angus Ranch, two and one half miles south of Leadore. Their first son, Robert Chester Adams, was born December 16, 1942 in Dillon, Montana, and was three months old when they moved into a three room shack that had no electricity or plumbing.

Outside the shack was the only standing fence on the ranch. The milk cows that Bob and Opal took with them had to battle with the two feet of snow that was still on the ground in late March. Range horses that were accustomed to feeding in the area had to be chased out daily. It was a rather dismal beginning for the young ranchers.

To: Idaho Dept. of Water Resources

Harry and JoAnn Hansen:

I have lived on the North Fork of the Salmon River since 1918 and can testify to the fact that the Achord family irrigated the land now owned by Harry and JoAnn Hansen (H.E.S.94).

My recollection goes back to 1925-26 when we use to visit the Achords as friends. They raised cattle and horses and harvested hay from the ranch.

The ditch from State Creek flowed into the ditch from the North Fork of the Salmon river which waters were used to irrigate the hay fields. The irrigation water and ditches were originally developed by John B. Achord whom first settled on the property.

Dear Mr. Tronstad,

In answering your question "When was the irrigation ditch on the east side of the Royal Elk Ranch last used?" In 1989 I had a gentleman named Jerry Perry rework the old irrigation ditch to remove the bridges and make the ditch one continuous run. I ran water down the ditch during that year twice. Since that time I have not used the ditch and don't know what condition it might be in due to heavy snows and melts.

In 1990 the Water Adjudication people had everyone in Lemhi County renew their water rights and pay for them based upon usage. I also did this to preserve my water rights.

If you have any further questions please feel free to call.
