COUNTY OF LEMHI)

I, HAROLD HANSON, being first duly sworn, depose and state:

1. That I have been a resident of Lemhi County, Idaho, since 1946.

2. That I have, between 1946 and the present, resided approximately one mile north of Hughes Creek on Highway 93 in Lemhi County, Idaho.

3. That I am personally familiar with the parcel of property located on Hughes Creek owned by Mr. Robert Felton and, which I am told, is the lower portion of the property commonly known as the Hughes Creek Placer.

4. That during the late 1970's and early 1980's I personally irrigated the property owned by Mr. Felton and the adjoining property including lot 5 (owned by Mr. Robert Felton) and lot 6 (owned by Mr. Stuart Felton) of River Run Estates. I personally knew Jerry Ravendahl and currently am acquainted with his widow, Velma Ravendahl.

5. The Ravendahls owned lots 5 and 6 prior to 1948 and in 1948, they purchased the lower portion of the Hughes Creek Placer now occupied by Mr. Robert Felton. It is my personal knowledge and belief that this property has been irrigated continuously since 1948. from water drawn through ditches from Hughes Creek.

MICROFILMED
DEC 15 1992

6. There are two ditches flowing from Hughes Creek above Mr. Felton's property which join together near the fence at the top of his property and supply water to the land on the road-side of the creek. There is another ditch which runs out of Hughes Creek on the far side of the road which takes water to that portion of Mr. Felton's property lying across the creek and continues on down through lots 5 and 6 of River Run Estates.

7. That having lived at this location for the last 44 years, and being acquainted with numerous, local residents, including residents on Hughes Creek, it is my understanding and knowledge that prior to the Ravendahls, the water in Hughes Creek, where it abuts Mr. Felton's property, was continuously utilized to supply mining operations, dredging, and personal use. This included damming the creek to support the dredging activity. This use has been continuing since before the turn of the century.

8. That the mining operations were continuous up and until the time of the second Word War. While the mining activity decreased during World War II, it actually ceased in 1947. The next year, 1948, the Ravendahls commenced irrigating the property.
